Unit District Now Up To Grade, High School Boards, Says Report

Citizens Committee Dissolve Following Report to Public Thursday

Whether the Antioch-Lake Villa school areas will form a unit school district is now up to the board of education and the voters.

This was realized by the Antioch Township High School Board as well as grade school boards within the high school's orbit following the report of the Citizens Advisory committee.

"The committee and its subcommittees have completed their survey, drawn their conclusions, and our work is done. The next step must be taken by the boards themselves," said Robert Denman at the conclusion of the report made to the public at the high school last Thursday evening.

Approximately 100 persons were interested enough to go to the school and hear the report, which in brief made the recommendations reported last week in the Antioch News.

The committee recommended immediate action, and one of the first acts necessary is a referendum seeking the wishes of the people on the plan.

The recommendations calls for an \$800,000 bond issue for an additional wing to the high school, which would be nucleus of a new building between Antioch and Lake Villa.

This must be done before the consolidation into one unit to get the benefit of the present tax limit.

The unit plan looked forward to the establishment of Junior high schools at Antioch and Lake Villa and the senior high school nearly midway between them. The other schools would be kindergarten through 6th grade, and the one-room schools at Millburn and Hickory Corners would be abandoned.

A. L. Dittman to Head Antioch Lions Club; Installation on Jan. 6

Albert L. Dittman, principal of Antioch Township High school, will head the Antioch Lions club during 1958 as the result of the election Monday in a meeting of the club at the 19th Hole.

Serving on his staff of officers are Robert Jensen, first vice president; Everett Oftedahl, second vice president; Joe Patrovsky, Jr., third vice president; Dan Lightsey and Myrus Nelson, directors for one year; Louis Mowen and Don Francisco, Sr., two-year terms.

Also, Preston Reckers, secretary; Jack Fields, treasurer; Ray Toft, Lion tamer; and Don Francisco, tail twister. Dr. James Kopriva, outgoing president, will automatically become a director.

William Hansen and Gardner Malory became new members and Dick Hawkins transferred his membership from the Waukegan club.

Hawkinson provided the club program which was a hi-fi and stereophonic sound demonstration presented by Edward Udell of the Chicago office of the Bell Telephone Co.

Installation of the officers will take place on Jan. 6. The annual Ladies' Night will be held in February.

The swimming pool committee made its report.

Youths Accused of Taking Auto Mirrors

Jack W. Ladewig, 15, of Oakwood Knolls, and Robert Barhyte, 19, of Townline road, Lake Villa, have been charged with larceny following their arrest at Lake Villa by deputy sheriffs who said the boys had two rear view mirrors which apparently came from a car in the lot of the Hucker Motor Sales Co. on Cedar avenue.

Deputies Robert Charles and Carl Schmidt said they spotted the boys running from the lot and gave chase, catching them at the Lake Villa Lumber yard. Back at the car of the boys they found the rear view mirrors and in the lot they found a spare wheel and tire leaning against an old car and a bumper was jacked up on another auto.

Jaros on Radio Network
George Jaros, proprietor of the Norshore Resort since 1943, and leader of King Jaros Orchestra, recently received an appointment for a long term contract with Radio Station WGN to broadcast his orchestra on a coast-to-coast network. He will be on the air from 11:30 p. m. to 1:30 a. m.

Sub-Zero Temperature May Have Set Record Wednesday, and Today

Below zero temperatures Tuesday and Wednesday nights gave Antioch the first real taste of winter weather and perhaps set some records for those dates.

Although the calendar says winter doesn't set in for another nine days, cold winds from the north with clear skies sent the mercury down to one below on Tuesday night and Wednesday morning and to one below on Wednesday night and this morning. These were the readings of the thermometer of Cooperative Weather Observer Roy Kufalk.

Last year sub-zero temperatures did not arrive until in January.

130 on Honor Roll at Antioch High School Six Make 20 Points

Three freshmen, two sophomores and one junior topped the list of honor students at Antioch Township High School with 20 points during the second six weeks.

They are Diane Jaros, Lance Keisler, and Susan Owens, freshmen; Sharon Dittman and Deanna Meierdick, sophomores, and Sonya Pickus, junior.

Quite a few had 19 points of A work and some of them may finish in the 20 bracket before the close of the semester.

Listed on the honor roll are these 130 students:

SENIORS—Cathy Arndt, James (continued on page 5)

Band-Chorus Concert At Salem High School Next Monday Evening

The Band and Chorus of Central High School, Salem, will hold their annual Christmas concert at the school at 8:15 p. m. Monday.

Besides the band and chorus, there will be featured the freshman chorus, vocal and instrumental ensembles.

Directors for this program are Russell Broten and Mrs. Jane Palumbo.

The concert is free of charge, and the public is invited to attend.

The program is as follows: Freshman Chorus: "Shepherds Awake," "Birthday of a King," "Silver Bells."

Boys' Quartet: "Joshua Fit de Battle of Jericho."

Girls' Ensemble: "Carol of the Bells."

Mixed Chorus: "O Holy Night," "Gesu Bambino," and "Sleigh Ride."

Band: Alamo, March; Sarabande and Gavotte from "Christmas Concerto," The Toy Shop, Novelty; March of the Little Tin Soldiers; Noel, Christmas polpourri; and Santa Claus Is Comin' to Town.

Chorus and Band: Processional, "Adeste Fidelis"; "Silent Night," a cappella; "Hark the Herald Angels Sing"; and "Joy to the World."

In Cherry Pie Contest

Diane Halbach participated in the district Cherry Pie contest at Milwaukee, Dec. 7, 1957. She was accompanied by Eileen Deetz, her homemaker instructor, and her mother, Mrs. Eugene Halbach. Ruth Mudgett, another local participant, also accompanied the group.

Sales Tax Report

The sales tax collected for Antioch in August and paid back to the village in November amounted to \$4,496.81. This was in contrast to Fox Lake which received \$4,594.94, and Zion \$4,392.82, both larger villages.

Sequoits to Battle Ela-V, Round Lake; Win From Grayslake

Antioch Takes First Conf. Contest 71-55, From Fighting Rams

The Antioch Sequoits will take on the Ela-Vernon High here Friday and Round Lake High there Saturday in two tough conference games after having shoved off to a good start by defeating Grayslake here last Friday, 71 to 55.

"Our game with Grayslake was a great morale booster for the team," said Coach Larry Leon. "We exemplified fine teamwork and spirit in this game. I was more than pleased with the fine showing of our reserves. They were calm under pressure and I feel they can be depended on in future games."

Coach Leon said the team as a whole looked much better in all departments than it had in previous games.

"We meet two sound ball clubs this weekend. Ela has always been tough for us and Round Lake is improving with each game. Our defense will have to be sharper against these two opponents than it was against Grayslake," Coach Leon commented.

A total of 58 fouls were called and six players left the game in the contest with the Grayslake Rams. The Rams took a big lead at the outset and the score was 13-2 in their favor before the Sequoits got going, and narrowed the gap 16-14 at the close of the quarter.

Antioch led at the half 33 to 31, and in the third quarter ran the score up to 57 to 44. The Sequoits also took the final quarter 14 to 11, making the total score 71 to 55.

Wayne Herbst was the pace setter for Antioch with a total of 27 points. After four of the Antioch regulars fouled out, Dick Hogan, Dick Behrens, Pat Roach, Jim Portalski and Byron King, five of the smaller boys held on tight to the lead.

For the Rams, Bob Clow was outstanding. He made 30 points, 14 of them coming from 15 attempts at free throws.

In the preliminary game the Grayslake Frosh-Soph team defeated (continued on page 5)

Cermak Triplets to Be Home by New Years; Are Thriving in Incubators at St. Therese

Moose Plans Homes Decorating Contest

The Loyal Order of Moose and Women of the Moose will again sponsor a homes decorating contest.

All homes within the city of Antioch will be judged and all other persons in the township interested in having their homes judged, please send a postcard to the Order of Moose No. 525, P. O. Box No. 561, Antioch, Ill. Cards must be received by December 20 (no later). Judging will take place Sunday evening, Dec. 22. There will be three prizes and three honorable mentions. The prizes are displayed in the Antioch News window.

Fox Lake Lists 3,825

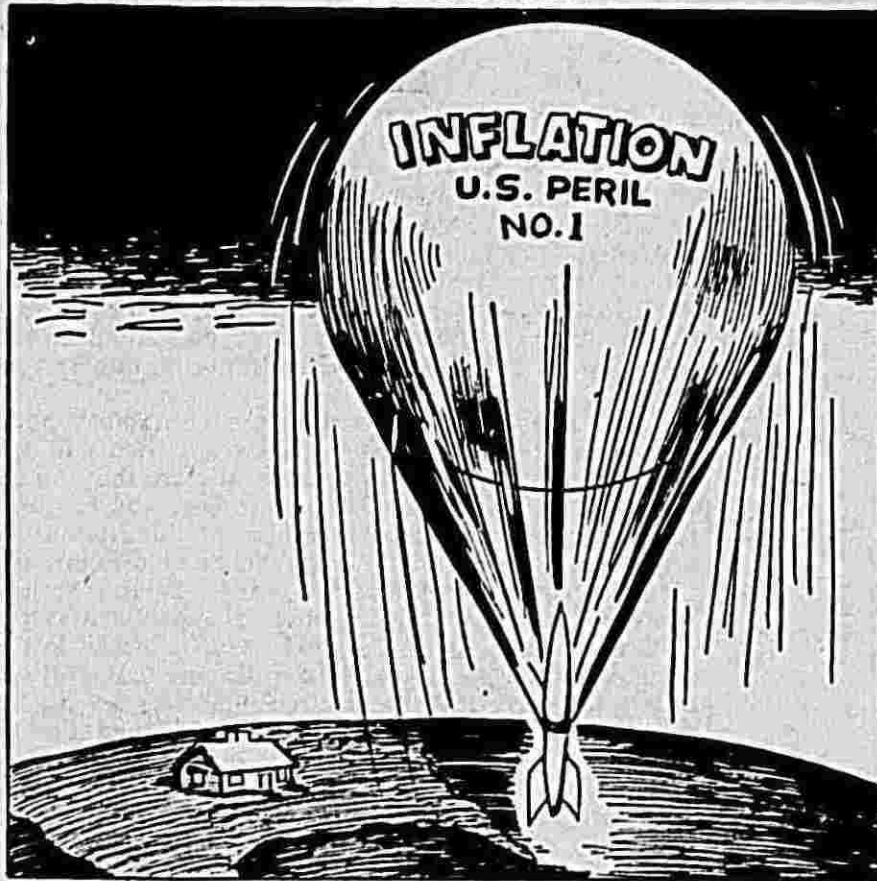

An interim census for Fox Lake completed last week revealed that the village now has 3,825 persons. This is less than the anticipated 4,500 forecast.

Santa Arrives by Helicopter in Antioch

Santa Claus and his helpers posed beside the helicopter in which he arrived in Antioch Saturday afternoon. In the front row are Leonard Horton, Robert Cunningham, and Steve Owens who were among the eight children who got a "whirlybird" ride, and in the back row William Anderson of the Public Service Co. of Illinois, William Evans, Oscar Connel, and the pilot, Lou.

GOING UP...?

2,000 Children Greet Santa Claus on Arrival By Helicopter; Tell Him Their Christmas Wishes

Names Were Included In Magistrates Report

Clerk Clarence Shultis said yesterday that Police Magistrate E. E. Brook does hand in the names of persons fined and the amount each pays with the total amount collected each month.

This corrected any impression given last week when Mayor Murrill Cunningham called for a report hereafter from the police magistrate including names and disposal of cases.

The clerk has not been reading this report, but has filed it and turned the money over to the treasurer.

The Board was not informed that the names of the persons fined were included in the report, thus giving rise to the discussion of whether they should be released for publication.

A crowd of children estimated at 2,000 got to see Santa Claus in Antioch Saturday and make their wishes for Christmas known.

Santa arrived at 1 p. m. in a helicopter piloted by Lou Nickoas, who let the big whirlybird down gently on the village parking lot on Broadway.

There he was greeted by Mayor Murrill Cunningham, President O. I. Onstad of the Chamber of Commerce, and William Anderson, chairman of the Christmas committee.

Four boys and four girls were given trips over the village in the helicopter. Their names were drawn from a large number of requests filed by parents with the Chamber of Commerce. They were Ronnie and Leonard Horton, Robert Cunningham, Steve Owens, Mary Lou Osmond, Sandra Wasniewski, Patty Heath and Susan Landau.

Santa Claus was escorted to the Barnstable building, formerly the National Food store on Main street, where he greeted the children, learned what they wanted for Christmas and gave them all candy. They were privileged to be guests of the Lakes theatre without charge during the afternoon.

It was well after dark before Santa Claus completed the interviews.

The arrival of Santa was just what was needed to engender the Christmas spirit. Christmas shopping is now in full progress and Antioch stores are open at night to administer to the wants of the customers. Christmas music through a public address system is adding to the interest and enjoyment.

F.M.S. Cooperators To Meet on Tuesday

The winter meeting of co-operators in the Lake County Farm Bureau Farm Management Service will be held Tuesday, December 17, according to Ray T. Nicholas, Lake County Farm Adviser.

The meeting will be at the Rustic Manor, Gurnee, starting with a lunch at 12 noon. Call cooperators and their wives are invited to attend.

Fieldman, Norman Specht, will explain new changes in the Social Security law and income tax affecting farmers. Farmers who would like to enroll in the Farm Bureau Farm Management Service are invited to attend the meeting.

To Hold Open House At Grass Lake School

The new addition of four rooms at the Grass Lake Grade School will be opened to the public for inspection at an open house set for 2 to 5 p. m. Sunday, Dec. 15. Officials of the school will be present to receive the visitors.

High School Good Grooming Program Publicized In "Illinois Education," I.E.A. Monthly Magazine

Under the title "Teen-agers accept Good Grooming," an article written by Albert L. Dittman, principal of the Antioch Township High school, appears in the December issue of Illinois Education, publication of the Illinois Education Assn.

Accompanied by pictures of four senior students the article tells of the decision of the students at the local high school to adopt a good grooming program.

"Parents and teachers of the Antioch area realize that teen-age conduct and behavior is closely related to the way students dress," the article states.

Hit-Run Driver Kills Susan Pennock, 8, on Grand Ave., Lake Villa

Edward W. Schultz, 18, Rte. 45, Grand Ave., Admits He Was Driver

A youth who had no driver's license and was driving a stolen car, according to his own admission, struck and killed an eight-year-old Lake Villa girl late Saturday afternoon.

He is Edward W. Schultz, 18, of Rte. 45 and Grand avenue and his victim was Susan Pennock, daughter of Mr. and Mrs. Arthur Pennock of Venetian Village.

The girl was struck either as she rode or led her bicycle about 500 feet east of Sand Lake road on Grand avenue.

The driver never stopped to administer aid.

Young Schultz was arrested Sunday night by Deputies Fred Zeason and William Wood, Jr., who said they found him drunk and asleep in a car at Belvidere rd. and Rte. 45 across the street from a service station operated by his father, Fred. Schultz admitted to the officers that he was the driver of the car that struck the girl. He said he was blinded by lights of a car coming from an opposite direction, and tried to swerve to avoid her, but failed.

Susan was found on the shoulder of the westbound lane of Grand ave. and her bicycle was on the shoulder of the eastbound lane, 60 feet distant. The accident occurred in front of the Dan Bush farm and Mr. Bush and his daughter, Shirley, were the first to reach the girl. They heard the crash and got a glimpse of the fleeing car. The girl was pronounced dead soon after her arrival at St. Therese hospital.

Schultz disclosed that the car he drove was owned by Atty. William Hartnett of Grayslake, and was taken from his father's garage where it was on sale. Schultz reportedly has been in trouble before and according to Deputy Sheriff Norris Froelich was turned over last year to the Illinois Youth commission.

State's Atty. Thomas Moran said that the youth can be charged either with leaving the scene of an accident which is punishable by up to a year in jail and a fine of from \$100 to \$1,000, or with tampering with a motor vehicle which is punishable by a jail term of up to one year. Other charges may be filed.

Susan was born August 4, 1948 in Chicago and lived in Chicago until six months ago when she moved with her family to Venetian Village. The family is a member of Grace Community church at Venetian Village. She was a fourth grade pupil at Lake Villa Grade school and was a member of Venetian Village Brownie troop. Surviving are her parents, Arthur and LaVerne Pennock, two brothers, James and Dennis, paternal grandparents, Mr. and Mrs. Charles Pennock, Gary, Ind., maternal grandmother, Mrs. Adela Pitts of Chicago.

Funeral services were held at 1:30 p. m. Wednesday at the Strang Funeral home. The Rev. Paxton McArthur officiated. Interment was in Memorial Gardens at Arlington Heights.

Chicago Member of Loon Lake Gun Club Takes His Own Life

Walter T. Huebner, 50, manager of a 17-story State-Madison building in Chicago, who had spent his summers for the last 25 years at Loon Lake, was found dead inside a garage at the rear of his home, 3240 W. Warner, Monday, Dec. 2. Detective Robert Besse said Huebner apparently willfully died from exhaust fumes from his car. Huebner's wife said her husband worried over some of the many details involved in managing a building on the world's busiest corner. Huebner was a member of the Rod and Gun Club at Loon Lake.

The good-grooming program was not sudden, it relates. In fact to a two-year program was used before the ultimate comprehensive good-grooming rules were introduced. Now that good grooming is a very important part of the school life, the Student Council is continuing to evaluate it in order to improve the program.

People associated with the Antioch Township High school feel the program has improved the spirit and morale of the school, and is helping the way students dress.

Can We "Save 100 Lives in '58"

Illinois editors and publishers are facing a challenge to "Save 100 lives in Illinois in 1958" which will be offered at a highway traffic safety seminar in Peoria, January 9-11, 1958.

The emblem displaying the seminar slogan is being carried in these columns as a reminder for our readers that in accepting the challenge we will go through the entire year pointing out to them traffic hazards that are to be avoided.

Reduction in the state's fatalities means more than just the fact that you may be one of the hundred lives saved; it means that our community may continue to have the benefit of your business and social activities, too. Your neighbors want you here as a friend, your family needs you, we'd like to keep you around as a reader.

By participating in the statewide seminar we hope to learn how we might better our service to you in highway traffic safety.

And there are another 1,100 publications in the state that will enter 1958 calling attention to their readers that they will help reach the goal of "saving 100 lives in Illinois in 1958."

Your License Plates

Along with Christmas shopping, there is another necessary chore—getting your 1958 license plates.

Deadline for displaying 1958 plates will be Feb. 15, Secretary of State Carpenter says, but the way to give yourself the best of it is to buy them and put them on by Jan. 1. That way you won't have to think of it again. The license plate fee is a tax. It has to be paid and you can't save a dime by putting off the payment. Those who neglect it until after the Feb. 15 deadline will risk being arrested and fined. If you don't feel like paying right now, mark a big red ring around Feb. 15 on your calendar.

Six Tests

J. Cameron Thomson of the Committee for Economic Development suggests six pragmatic tests to apply to every demand for new or increased federal expenditures. Here they are:

1. Does the request fill a real need?
2. Is it a need which only government can supply?
3. Must the need be met by the federal government?
4. Will spending by the federal government meet the need to a degree to make it worthwhile?
5. If it is an extension of an existing program, has the spending on this program been efficient?
6. Must the spending be done now?

If those tests were applied, and the honest answers firmly acted upon, we'd see a startling drop in the federal budget.

Christmas Sorrow

Each year highway accidents and deaths reach their peak at Christmas time.

Ice, sleet and snow, early darkness, drinking, the holiday rush and festivity, and carelessness combine to make December the bugaboo month for traffic. In thousands of homes last Christmas, joy was shattered by the tragedy of a traffic accident.

But the National Safety Council, with the cooperation of 160 other national organizations, again is seeking to prevent such tragedies. And the Council reports that the outlook is bright for a safer, happier Christmas this year.

The traffic trend, is encouraging. During the first

nine months of the year, the death toll dropped 3 per cent from the same period for the previous year—a saving of 800 lives.

If this rate of improvement can be maintained the rest of the year, more than 1,000 lives can be saved on the highway in 1957.

Instrumental in the improvement has been an intensive traffic safety campaign, "Back the Attack on Traffic Accidents," which was launched last December to encourage public officials to step up the attack on traffic accidents and to stimulate acceptance of personal responsibility for safety.

If citizens will continue to support the campaign during the coming weeks—not with money or time, but with just more care in driving and walking—all of us may have a really merry Christmas in 1957.

Historic Day

Last October 24 was something of an historic day. At that time about 5,000 kilowatts of atom-fueled electricity started flowing through the system of a California light and power company from private industry's first nuclear station.

An officer of the company hailed the event as indicative of what private industry can do with the atom. And it is by no means an isolated or special case. For, as he said, "It is the first of a great many nuclear electric stations the industry is building throughout the nation."

The power industry's program of nuclear power development is precisely the program that will produce maximum progress and results in the shortest period of time and at the lowest cost. It has been praised and endorsed by members of the Atomic Energy Commission and other government officials who are concerned with atoms-for-peace. Under this program, all manner of research and experimental projects are being vigorously conducted, in order to find answers to the many complex questions that still surround the practical application and use of nuclear energy. Some people have been concerned because we have not gone in for a "crash" program of development, after the fashion of England. The fact is that crash programs are inevitably wasteful, and are justified only when there is no other choice. We have abundant sources of energy from the conventional fuels, such as coal and oil. England, by contrast, suffers shortages of these fuels—and had to undertake her crash program of atomic development out of sheer necessity. Many experts think that, as a result, the particular type of atomic reactor developed at great cost in England will be obsolete in a comparatively short time.

Revising the Mail Rates

Top officials of the post office department are again advocating higher mail rates. For instance, Hyde Gillette, an assistant postmaster general, speaking at Portland, Ore., said that the department's deficit will reach \$700 million this year. He approved a bill which has passed the House and will be considered by the Senate next session. Under it, there would be a 1-cent increase in first-class letter postage; a 60 per cent increase in second class mail rates over a four-year period; a 50 per cent increase in third-class rates over a two-year period, and a 1-cent increase in air mail postage.

There is certainly plenty of evidence that post office charges should be revised upward, whatever the precise percentages. And this reform should not stop with the regular mail services. Parcel post—which falls into the fourth-class mail classification—has also been a heavy and consistent producer of deficits. Moreover, the argument that the mails serve a basic public need in the fields of information, education and general enlightenment, and hence should not necessarily be self-supporting, certainly cannot logically be applied to parcel post. It is purely a commercial package carrying service, operating in competition with package-carrying services provided by private enterprise. If it went completely out of business tomorrow, private enterprise would do the job—efficiently, swiftly and at a fair price. And private enterprise pays its own way and pays taxes to boot.

Another bill before Congress (H. R. 8108) calls for rate reforms aimed at making parcel post financially self-sustaining—instead of a tax-subsidized service. What can be wrong with that?

Many to Get Urban Service at Lake Villa

LAKE VILLA—Illinois Bell Telephone Company has filed a tariff revision with the Illinois Commerce Commission in Springfield which, when effective, will eliminate extra charges now being paid by a group of telephone subscribers near the perimeter of Lake Villa.

The tariff revision will also permit others to have urban-type service without the payment of extra charges.

Manager Hawkinson said the change will be made effective Dec. 9, 1957. About 268 subscribers will be affected.

Hawkinson said that 115 subscribers who have been outside the company's base rate and have been paying extra mileage charge to get urban-type service will have the extra charges dropped. Another 5 customers will have their extra charges reduced because extension of the base rate area will reduce the mileage involved.

Hawkinson also said that 148 residence and business customers in the area who have had rural-type service have ordered urban-type service, now that the mileage charges

will be eliminated by the tariff revision. The subscribers are generally located in the area northwest, west and southwest of Lake Villa.

Construction of considerable outside plant equipment was required to make the base rate extension possible, according to the manager. Substantial amounts of wire in cable were added in the area, in addition to changes needed in the central office building.

Robert Russ is at home now, convalescing from his heart attack, and is in fine shape. The Deep Lake Ladies' Auxiliary will go Christmas caroling on Dec. 22.

According to Senator Byrd, the U. S. government's civilian payroll for fiscal 1957 has reached a record \$11 billion-plus. The number of employees on the federal roll is now 2,394,000, a gain of 30,000 over 1956.

Deep Lake

Georgia Mattles, Correspondent

A Christmas party for the Deep Lake Ladies' Auxiliary will be held at Neergaard's on Dec. 20 and on Dec. 21, Santa Claus will be in Deep Lake at Englewood and 4th Ave.

Congratulations to Mr. and Mrs. E. Q. Johnson on the birth of a grandchild.

Letters to The Editor

Dec. 3, 1957

To Whom It May Concern:

Lost—one wallet.
Place—Antioch.
Time—2:30 p. m. Sat., Nov. 30.
Contents—\$70.00 in cash, baby picture, driver's license, etc.; also enough identification to make locating owner a simple matter.
Returned?—NO!

I lost more than money when I forgot to pick up my wallet. I lost faith in my fellowman—in goodfellowship—in honesty. What is happening to our world, our town?

Are we doing enough for the young people of today, turning them in the direction of peace—and fellowship—honor! What kind of an example does this set for my children!!!

I say to myself is money so important that it blots out everything else! It would be a sad world if this were true. Yet what am I to think?

I needed the money terribly but the very fact that it was stolen and in a town like Antioch hurts me more than the loss of the money.

Mrs. Robert Mathews
Lake Blvd.
Antioch, Illinois

GEMS OF THOUGHT

Little Things

Little things console us because little things affect us.—Blaise Pascal.

Most persons would succeed in small things if they were not troubled with great ambitions.—Longfellow.

In the great matters men show themselves as they wish to be seen; in small matters, as they are.—Gamaliel Bradford.

Even a mild mistake must be seen as a mistake, in order to be corrected.—Mary Baker Eddy.

When a man is wrapped up in himself, he makes a pretty small package.—John Ruskin.

If I can not do great things, I can do small things in a great way.

Illinois Library Ass'n. Praises Rep. Murphy's Record in Legislature

The Illinois State Library Association in convention at Chicago on November 7, 8 and 9, singled out Rep. W. J. Murphy (R., Antioch) for his work in the last General Assembly Session.

Rep. Murphy introduced and successfully passed three bills that improved the Public Library District laws of the state of Illinois.

In their regular business meeting of their convention, the Illinois Library Association passed the following resolution:

This Convention recognizes and offers appreciation to the Honorable W. J. Murphy of the 31st Representative District for his contribution to good government by his sponsorship and passage of the revision of the Public Library District laws in the state of Illinois.

A copy of this resolution was signed by their secretary, Helen J. Siniff, and forwarded to Representative Murphy at his home at Antioch.

Pocahontas coal was the fuel used by the Great White Fleet sent round the world by the U. S. Navy in 1908.

SOCIETY EVENTS

Large Crowd Hears Christmas Concert At School Sunday

A large crowd attended the Christmas Gift concert Sunday afternoon at the Antioch Township High school.

The program was presented by the department of vocal and instrumental music under the direction of Louis Chenette in charge of instruments, and Kenneth Smouse in charge of voice.

Mrs. Margaret Aschenbrenner, pianist, and Dorothy Romoser and Barbara Yates were organist accompanists.

Soloists were Ingeborg Wieghart, soprano; Melody Midgley, contralto; Ron Peters, tenor; and Frank Denison, bass.

Townpeople assisted the students in the production of The Messiah which was the crowning portion of the concert. Many fine compliments were paid to the directors and participants.

Following the program a reception was held in the boys' gymnasium.

Emmons Parents Club, School Plan Programs

The Emmons School Parents Club held its monthly meeting Dec. 2. Donald Blake, principal of the school showed an interesting film, "The Angry Boy."

On Dec. 11 a puppet film "The Night Before Christmas" was shown by Illinois Bell Telephone Company.

There will be caroling by the students on Dec. 18.

On Dec. 20, the students will have a Choral Reading, titled "Merry Christmas to the Fifties" at 12:30 p. m. At 1 p. m. Santa Claus will arrive, and after Santa's visit the students will have their room party.

The seventh and eighth graders will also draw the winning name of the doll and wardrobe, on the last day of school.

The parents are invited to any one of these Christmas events in school. The students will be dismissed at 2:15 p. m.

Refreshments were served after the recent meeting by Jane Meyer and Marge Schneider.

Merry Christmas to all!

Randall School P.T.A. Has Potluck Dinner At Basset Town Hall

The Randall Consolidated school P.T.A. had a potluck dinner Wednesday, Dec. 4, at the Basset Town Hall. There was a nice-sized crowd and a large assortment of delicious food.

The kindergarten mothers served coffee and pink parfait pies, and decorated the tables. Mrs. Jarrett Kimball, Mrs. Anthony James, Mrs. Fred Kuehler, and Mrs. Raymond Thompson were the hostesses.

For entertainment the crowd was favored with numbers by the girls' chorus from Wilmot High school under the direction of Maurice C. Rockwell. They sang Christmas carols.

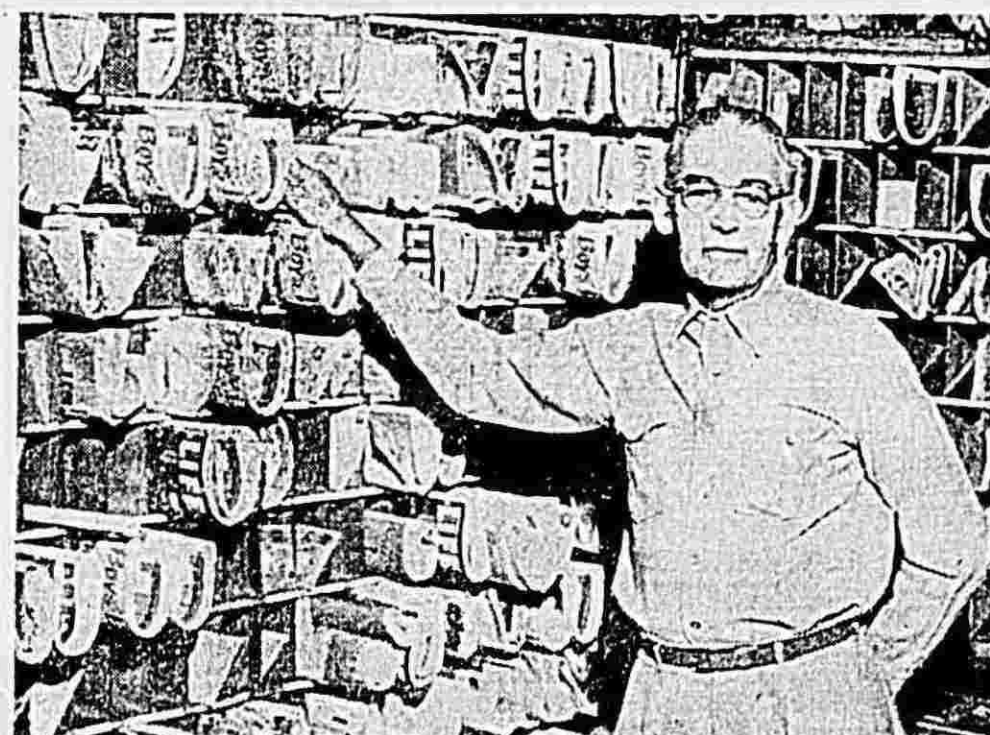

Two solos, "The Birthday of the King," and "White Christmas," were sung by Carl Pelz, accompanied by Mrs. Pelz at the piano.

The members then enjoyed community singing accompanied by Mrs. Marquardt of Trevor at the organ.

Last week the organization finished its survey of immunization shots for the record of the county nurse in Kenosha. A total of 135 children under seven years of age were in this district.

Nine mothers of the P.T.A. worked on it. They are Mrs. Harold O'Dea, Mrs. Fred Kuehler, Mrs. John Vincent, Mrs. William Porter, Mrs. James Hollencamp, Mrs. William Meinke, Mrs. Fred Sarbacher, Jr., Mrs. Wallace Karow, and Mrs. Arthur Avery.

Will Retire as Rural Mail Carrier Dec. 31

Lester Osmond Sr. shown at his sorting desk at the Antioch post office has about two weeks of this work left before he makes his final delivery on Dec. 31 as mail carrier on Route 1. He has delivered on the same route for more than 35 years. He resides at 950 Hillside ave. in Antioch.

Officers of Order of Eastern Star

Mr. and Mrs. Robert Pincombe, left, are the new worthy patron and worthy matron of the Antioch chapter, Order of Eastern Star while at the right are Mrs. Lillian Woods, outgoing matron, and Emil Kirchbaum, outgoing patron.

Eastern Star Officers Installed Saturday

Mrs. Margaret Pincombe and Robert Pincombe were installed as worthy matron and worthy patron of Antioch Chapter Order of the Eastern Star at the Antioch Grade School, Saturday evening. Mrs. Elmer Hunter served as installing officer, assisted by Mrs. Harold Wilson, installing marshal and Margaret Gaston installing chaplain. Wayne Polsgrove, Harold Wilson and Clarence Larson escorted the installing officers to the altar.

Members of Antioch Assembly, Order of Rainbow for Girls, formed a cross and sang during the evening. Phyllis, Janet and Cheryl Lee, daughters of the Pincombes were candle lighters and Elroy Anderson was flag bearer. Jill Anderson, member of Antioch Assembly Order of Rainbow for Girls gave the ode to the flag. Mabel Lou Dow, past grand organizer of Illinois Order of Rainbow Girls, was organist.

Mrs. Lillian Woods and Emil Kirchbaum, retiring matron and patron presided in the east and Mrs. Woods welcomed the guests. Other officers installed were:

Anne Heath, associate matron; Leslie Heath, associate patron; Rosalind Keating, secretary; Dorothea Farms, treasurer; Hazel Parfitt, conductress; Josephine Kirschbaum, associate conductress; Clara Westlake, chaplain; Thelma Anderson, marshal; Mabel Weber, organist; Elizabeth Storch, Adah; Mae Berceiter, Ruth; Pat Polsgrove, Esther; Zella Larson, Martha; Elsie Hays, Electa; Trudy Mann, warder; Roy Lokke, sentinel.

Lillian Hattendorf will be soloist for the coming year, William Berceiter has been appointed color bearer, and Lillian Gaa is instructress. Refreshments were served following the installation.

ALPHA XI DELTA 25TH ANNIVERSARY

Beta Zeta chapter of Alpha Xi Delta sorority, the oldest national sorority on Lake Forest College campus, celebrated its silver anniversary with an open house and banquet Sunday afternoon, Dec. 8.

Miss Beatrice Krantz, a charter member, was guest speaker at the jubilee banquet at the Commons. She is presently Dean of Girls and administrative assistant at York Community High School, Elmhurst, Ill.

ANT. GARDEN CLUB AND GREEN THUMBERS TO HOLD CHRISTMAS PARTY

The Antioch Garden Club and the Green Thumb Garden Club will meet at 10 o'clock a. m. December 16 at the home of Mrs. Edward Dompke. Mrs. Louis Biel and Mrs. Fred Oschmann will be assistant hostesses. Luncheon will be served and there will be an exchange of gifts.

Scout Leaders Club Formed at Lake Villa

Leaders, co-leaders and committee members of the Lakeside Girl Scout Council met Tuesday, Dec. 3 at the village hall in Lake Villa and formed a "Leaders Club." The purpose of the club is to learn new songs, dances, games and to exchange experiences in working with Girl Scouts and Brownies. Also to exchange craft ideas, and to have an actual work shop where projects learned can be taught in the Scouting program.

An election was held, and officers elected are: president, Mrs. William Clayborn, Round Lake; vice president, Mrs. Arnold Gustafson, Wildwood; secretary, Mrs. Casey Rule, Grayslake; and treasurer, Mrs. Allen Flood, Lake Villa.

A report was given by the delegates who attended the National convention in Philadelphia.

The Leaders Club will meet the first Tuesday of each month at the village hall in Lake Villa.

ANTIOCH STUDENTS SING IN LAKE FOREST CONCERT

Two Antioch students will participate this evening in a Christmas concert to be given by the band, choir, and Madrigal Singers at Lake Forest College. They are Miss Joan Cervenka, R.F.D. 1, and Miss Celia Hojem, R.F.D. 3.

William B. Perrin, baritone, son of Mr. and Mrs. William B. Perrin of Wadsworth, is one of the featured soloists.

The event is public and no admission is charged.

MISS BOARD HONORED GUEST AT BRIDAL SHOWER

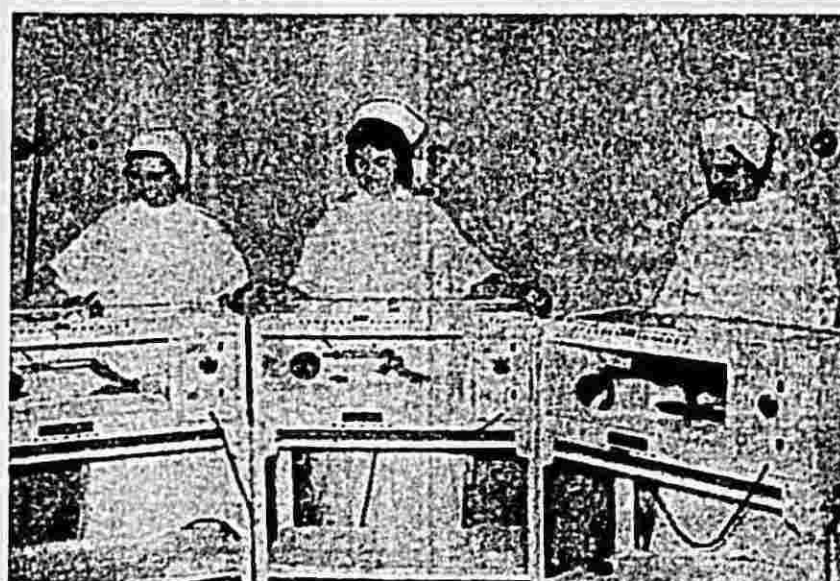

Mrs. Don Irving and Mrs. James Maplethorpe entertained twelve guests at a bridal shower in honor of Miss Patricia Board, Saturday evening at the Irving home. Miss Board will become the bride of Mr. Larry Zea December 22, at Wheaton, Ill. Miss Board is a teacher at the Antioch Township High school and Mr. Zea is serving in the U. S. Navy and is stationed in Washington.

William Lindley of Antioch became a patient at Victory Memorial hospital in Waukegan last Thursday.

Wait Until Ice Safe Warns Capt. Holbek

Capt. Herman Holbek of the Antioch Rescue squad warned children yesterday not to go onto the ice on local lakes and streams yet. "This is good freezing weather and ice is forming, but it will take a day or two yet to provide safe ice, especially in those lakes where there are currents," he said. Two drownings occurred ten days ago because children assumed all ice was safe.

Cermak Triplets in Incubators Doing Fine

Triplets of Mr. and Mrs. Charles J. Cermak Jr. of Antioch are shown in the incubators at St. Theresa hospital at Waukegan where they were placed following birth last Thursday and where they will be kept until Jan. 1. Two girls and a boy, Ruth, Ann and Joseph, they are the third triplets born in this hospital. Nurses there admire them and have high regard for their mother who herself is a graduate nurse from St. Theresa.

People Set New Saving Peak At \$253 Billions

NEW YORK — Adding to their protection, and at the same time helping to meet the capital needs of our high-investment economy, the American people boosted the total of their accumulated savings in life insurance and other long-term thrift mediums to above the \$250 billion level this year.

This is a new high mark in the nation's personal thrift annuals. It was accomplished by an increase of nearly \$9 billions in the first half of this year in savings accumulated behind life insurance policies, time deposits in mutual savings and commercial banks, and accounts in savings and loan associations, according to data compiled by the Federal Home Loan Bank Board.

The increase for the period in these three thrift mediums taken together was the largest in years, and more than offset an aggregate decline of close to \$1½ billions in two other classifications of long-term savings of individuals—U. S. Savings Bonds and Postal Savings. As a result, the net increase in accumulated long-term personal savings came to \$7½ billions between January and June, lifting the total at mid-year to a new high of more than \$253 billions. This figure is the equivalent of over \$5,000 for every American household.

Accident Victims Basis of Study

CHICAGO — Accidents account for about 7 per cent of all cases treated in American hospitals, according to a new survey by the American Medical Association.

Accidents combined with pregnancy, the "other great non-disease category," account for one-fourth of the total hospital load, according to the A.M.A. Journal. Many people believe that all patients are hospitalized for disease, the editorial noted.

The study on accidents, prepared by the A.M.A. Bureau of Medical Economic Research and reported in the current Journal, is a part of a comprehensive survey of medical services given to the American people. The accident study was based on information about patients discharged from 6,000 general and special hospitals during November, 1955. Tuberculosis and mental hospitals were excluded from the study.

The 128,000 patients hospitalized because of accidents comprised 6.9 per cent of all patients discharged during the month. The average hospital stay for accident patients was 10.7 days as compared with 9.1 days for nonaccident patients. The accident cases required the use of 50,500 beds, or 6.7 per cent of total beds available.

Geophysical Year Seeks Northwest Passage Data

WASHINGTON — One of the many questions to which International Geophysical Year Scientists seek an answer is: How soon, at the present rate of Arctic thawing, may ships on schedule traverse a Northwest Passage across the top of North America during the summer months?

For their answer they can now draw on vital information supplied by five weather stations installed on Canadian Arctic islands 1947-1950. They can draw also on the experience of ships operating for the United States Military Sea Transport Service in supplying those stations and the 50 radar outposts of the DEW (Distant Early Warning) Line.

The DEW Line, stretching from Alaska's far-west Cape Lisburne to Baffin Island, went into full operation last August. Weather and radar outposts alike are manned almost exclusively by Canadian and United States civilians.

It's Really Glue That Holds World Together

WASHINGTON—Geophysicists notwithstanding, it's glue that holds the world together.

Since earliest times, men have needed to stick one material to another. King Tut sat on glued furniture. In present-day life, if all glue turned to dust, countless objects ranging from pianos to supersonic planes would fall apart. The average house would be a shambles.

Fortunately, the National Geographic Society says, nature has provided plenty of glue—animal, vegetable, and mineral. Tried-and-true natural glues still pull more than their own weight, but the best new adhesives come from synthetic resins.

Income Up

WASHINGTON—Half of all U.S. families had a total income of \$4,780 or more in 1956, 8 per cent over the 1955 figure, according to the Bureau of the Census. The bureau's figures were based on a median—numerical middle—rather than an average.

Insured Pension Plan Benefitting Older Employees

NEW YORK — Life insurance companies writing pension plans report that material progress has been made in recent years in bringing insured pension programs into a position of protecting the job opportunities of older workers, says the Institute of Life Insurance.

The most effective pension plan, according to pension experts in the business, is one which provides, among other features, a continuation of the pension rights, even though the worker leaves the employ of the firm, and one which does not involve unduly larger annual premiums for the older worker. This feature, known as vesting, prevents the older worker from being tied to his job because of his pension credits and enables him to be re-employed without the employer assuming extra pension obligations.

As a recent United States Department of Labor survey report indicated, there is actually no warrant for an employer citing the existence of a pension plan as a barrier to the employment of an older applicant. It was pointed out in that report, however, that many employers used it as an "excuse."

Claim Sound Can Destroy Cancer

ANN ARBOR—Ultrasonic sound can be used to destroy cancer, chart the structure of living cells, and play a part in the treatment of mental disorders, a scientific meeting at The University of Michigan said.

Dr. William J. Fry of the University of Illinois' Bioacoustics laboratory told the 54th meeting of the Acoustical Society of America that Russian scientists claim they can selectively destroy cancer tissue with beams of high frequency sound.

Tumors so treated could not be transplanted to an experimental animal, Dr. Fry said. "This implies that a type of immunity to cancer has been produced. They also report that the highly malignant tumor melanoblastoma has been treated in humans with encouraging results."

Dr. Fry also described an "ultrasonic microscope" which has been developed at his university. It directs beams of sound through tissue samples while probes on the other side measure the amount that gets through.

Radiation Hazards Not Overwhelming Problem

MINNEAPOLIS—Radiation hazards likely to develop from nuclear weapons testing are too slight to be worth considering in life insurance calculations of the American public's health and longevity. They are insignificant compared to the commonplace hazards of our daily living, says the medical department of a national life insurance company.

But within the next fifteen or twenty years, say the insurance doctors, safe disposal of radioactive wastes resulting from peaceful development of atomic power can be a substantial problem. American casualty companies are already writing public liability insurance for nuclear reactors.

U. S. bomb tests, however, are yielding information of value in the solution of the radioactive waste disposal problem. Safety provisions for commercial atomic power plants are rigidly laid down by the Atomic Energy Commission, and make accident hazards extremely small. We can confidently expect that we will deal with the vast new problems of the dawn atomic age as well as and perhaps better than we have dealt with those of the automobile age and the air age, predicts the insurance company's report.

Co-education Firmly Entrenched in College

ANN ARBOR—Seems more than likely that if Betty Co-ed wasn't in attendance in today's college classes, Joe College would rise up and demand her return.

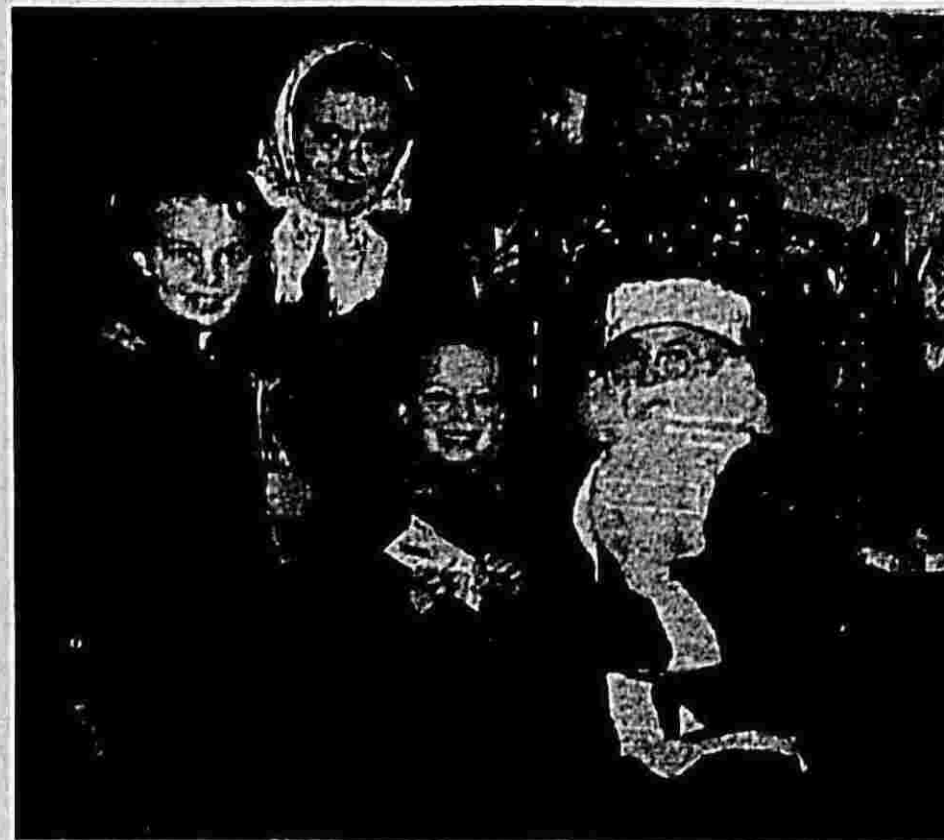

"That's how firmly co-education is entrenched in our colleges today," says Algo Henderson, professor of higher education at The University of Michigan.

"I think the significance of separate education of the two sexes has largely disappeared because the automobile has caused men to be present on every women's campus," Professor Henderson says. "This mobility means that in their social life they do have co-education so the separateness is confined to classroom learning."

Baby Snooper

NEW YORK—Parents will be interested in a new attachment for their radios which will enable them to tune in on nursery noises and determine what goes on. It's a low-power radio transmitter that plugs into any outlet, broadcasts on a frequency that doesn't interfere with normal radio operation.

Santa Gets Requests from Children

Among the hundreds of children who made their wishes known to Santa Claus Saturday at the Barnstable building on Main Street were Wayne Mortenson, seated on Santa's lap, his sister, Cindy, standing beside him, and the grandmother, Mrs. Ann Muska.

Billboard Law and Rezoning Requests Get Supervisors Nod

After passing an ordinance making a 300-foot setback of billboards on limited access roads a must, the County Board of Supervisors Monday approved two rezoning petitions from the Antioch area among a total of nine.

Permission was given Charles M. and Elsie C. Smith to rezone from R-4 residential to B-1 business eight lots on the south side of Grass Lake road across from Bluff Lake Lodge, to protect their interest in the business of renting boats, selling bait and fishing equipment by repairing a number of nearby buildings.

Also permitted is the repair and enlargement of the hotel and tavern at Herman's Resort on the west shore of Bluff Lake. The petition was made by Eleanor Micheli, and Lula Willey and asked for permission also to rezone three acres from R-4 residential to B-2 business.

The Board appropriated \$11,659.61 in motor fuel tax funds for grading and graveling State Line road from Rte. 21 to Pikeville.

Funeral Service For Karl Habendott, Held Mon.

Karl Habendott, 69, Camp Lake, died Thursday, Dec. 5, at his home, following eight months of illness. He was born June 28, 1888, in Austria, coming to America 45 years ago, settling in Chicago. He moved to Camp Lake 16 years ago. He was a member of Holy Name church at Wilmet and the Greater Beneficial Union Lodge No. 335 in Chicago. He was a retired gardener.

Survivors are his wife, Marie, a son Edward, Camp Lake, a daughter Katherine Leibfrit, of Chicago, a sister, Agnes Domnick of Chicago, and four grandchildren.

Funeral services were held at 10 a. m. Monday at the Holy Name church, Wilmet. The Rev. Harold Herbst officiated. Interment was in Holy Name cemetery.

Mrs. Ella Lewis, 76, Camp Lake, Buried Wed.

Mrs. Ella Lewis, 76, Camp Lake, Wisconsin, died Saturday at her home in Yaw subdivision after a month's illness. She was born May 17, 1881 in Soap Creek, Iowa. She lived in Chicago until coming to Camp Lake in 1942. She was a member of Holy Name church at Wilmet.

Survivors are her husband, Joseph J. and four sisters. Funeral services were held at 9 a. m. Wednesday at Holy Name church. Burial was in Holy Name cemetery.

Candidate For Sheriff

Norris C. Froelich
Norris C. Froelich who recently made his formal announcement of candidacy for sheriff in the Republican primaries April 8, 1958.

Seeks Election

Francis J. Berry
Francis J. Berry, village president of Libertyville announced last week that he will be a candidate for State Representative on the Republican ticket.

Alvin D. Paddock, 68, Dies After Long Illness

Alvin D. Paddock, 68, Paddock Lake, Salem, Wis., died December 6 at the University hospital at Madison, Wis., following eighteen months illness.

He was born December 18, 1888 in Salem township. He attended Paddock Lake school and is a graduate of the University of Wisconsin.

Survivors are his wife, Leota, and two sons of Paddock Lake and Alvin of Wheeling, two daughters, Irene Nielsen, Silver Lake, and Lois Heyer of Oak Park and a stepson, Willis Freeman of Silver Lake, a brother, Ray, of Salem, and four grandchildren.

Funeral services were held at the Strang Funeral home with the Rev. Fr. Edmund Hood of St. Ignace's Episcopal church officiating. Interment was in Union cemetery.

The Antioch News and the Lakes Theatre invite Richard E. Furman, Rte. 2, Box 685-A, Lake Villa, Ill., and one to attend Friday, Saturday or Sunday showing of "Harlem Globe Trotters" and "Texas" at the Lakes Theatre.

Hunter, Swayer Cows Make Good Records

Brattleboro, Vt.—The Holstein-Friesian Assn. of America has announced completion of outstanding official production records by registered Holstein cows owned by Robert L. Hunter of the Ravenglen farm, rte. 45 near Antioch, and the Wilbur Swayer farm near Gurnee.

The Ravenglen cows were: Durkdale Sue Senator Ormsby, which produced 20,980 pounds of milk and 709 pounds of butterfat as a 10-year-old; Crescentview Pearl Elmoka, 17,885 pounds of milk and 703 pounds of butterfat, as a 9-year-old; Moeller Ann Triune, 19,187 pounds of milk and 813 pounds of butterfat as a 6-year-old. All three were milked twice daily.

Swayer's Arcola Viney Hark Ester produced 13,285 pounds of milk and 620 pounds of butterfat as a 5-year-old milked twice daily.

Discusses Conservation Before American Legion

"Conservation is as non-partisan as patriotism," declared Edward Cooney before the Antioch American Legion and its guests last Thursday evening at the Legion hall.

Cooney is national membership director of the Izaak Walton League, which has pioneered in the teaching of conservation in schools so growing generations will be better informed in the safeguarding of their heritage of America's resources in soil, woods, waters, and wild life.

The speaker said the League is waging a campaign to eliminate pollution of public waters.

He showed motion pictures of the Quetico National Forest on the U. S. and Canadian border, a country best traveled by canoe.

BREAK TRAINING RULES

The Antioch High School basketball squad lost three of its first string players this week when two members of the team, Richard Hogan, guard, and Leroy Gallagher, forward were dropped for breaking training rules and James Olschlager withdrew from athletics on the advice of his physician. Jerry Dittmer was moved up to the starting lineup.

Color Important to Our Comfort, Health To Our Way of Life

CHICAGO — The importance of color in our lives is something which most of us only dimly appreciate. It can affect our comfort, our health, and our finances. In some cases it may even be the deciding factor between life and death.

The United States Army withdrew its regulation navy blue shirts in malarial districts of Europe when it learned that malaria-bearing mosquitoes alighted most on dark blue, red, and brown and were likely to avoid yellow, orange, and white. In South Africa it was found that pink and yellow mosquito curtains did not harbor the insects.

Through control of light and color, chickens will lay more eggs, cows will give more milk, goats will give milk when they otherwise wouldn't, and brown weasels will turn to white ermine in mid-summer instead of mid-winter.

Traps for Japanese beetles are painted yellow because this color seems to tempt them fatally. Barnacles will avoid light-colored ship bottoms but cling by the ton to dark hulls.

Science has been able to prove that human beings have a decided muscular reaction to color and light. Red colors and bright illumination tend to increase muscle tension and speed up the pulse and breathing. Blue colors and dim lighting relax the muscles, slow down the heart and lungs.

Early Gals Could Turn Eyes of Male

SANTA BARBARA—If all else fails and you still can't get your man, ladies, try inserting crackling paper in your shoes to attract male attention.

Don't laugh—Arab women in 708 A. D. shuffled about snapping, crackling, and popping with the same amorous intent, and they apparently got results.

This rather unique method of allurements is only one of the curious practices associated with early paper-making brought to light by Dr. Thomas S. Weir, assistant professor of industrial arts at University of California, Santa Barbara College. He just completed two years in Lebanon as a consultant in technical education for the U. S. Foreign Operations Administration.

Long before papyrus became commercially remunerative—way back in 1700 B.C.—the ancients were inscribing their views on clay, ceramics, flat stones, skins, palm stalks, the bark of trees, and flat bones, according to Dr. Weir. But by 936 A.D. captured Chinese papermakers had taught the Middle East peoples the art of making fine paper. It subsequently spread throughout Europe.

The Arabs used paper not only for writing and as "male lure," but as "judgment shirts" inscribed with the wearer's crime, as hat stiffeners, kites, and needlework patterns.

Study Tells Increases In Plant Capacity

An indication of the growth of America's productive resources in recent years as the result of record investment in new plant and equipment by major industries is provided by data compiled by the National Industrial Conference Board from information collected by the Federal Reserve System.

These figures show that aluminum has had by far the biggest growth in annual capacity of the selected industries studied, with an increase of 108 per cent in the 1952-57 period. The second biggest increase, amounting to just under 36 per cent in the five-year period, was in synthetic fibers. Other increases in annual capacity between 1952 and 1957 were cement, 27 per cent; paperboard, 26.8; steel ingots and petroleum products, 22.9 each; paper, 18.3; and pig iron, 17.6.

Britain Moves To Save Ruins of Hadrian's Wall

WASHINGTON—Remains of a massive stone wall built by Roman soldiers 1,800 years ago still stretch like a belt across the north of England.

To preserve Hadrian's Wall, as it is best known, a movement is under way in England to put the historic barrier under stewardship of the British Government. Storms, sheep, and the ravages of builders already reduced much of the structure to ruins.

Wending across the moorlands of Northumberland and Cumberland, Hadrian's Wall extends 73.5 miles from Bowness on Solway Firth to Wallsend on the Tyne River.

Far-Away Frogs
CASABLANCA — A local frog raiser just can't keep his products at home. More than 7,000 frogs, valued at more than \$800 disappeared recently, less than a year after 5,000 frogs disappeared from the same pond.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Elliot 6-3323

Regular services at Millburn Congregational church Dec. 15, include Sunday School at 9:30 a. m. and church services at 9:30 and 11 a. m.

The annual pot luck dinner of the Ladies' Aid was held at the church Thursday. The business meeting at 11 a. m. when the yearly reports were read. The election of officers took place and Mrs. George DeYoung was elected president; Mrs. Ida Truax, vice president; Mrs. Emmet King, second vice president; Mrs. Howard Bonner, secretary; and Mrs. Roy Bonner, treasurer. After dinner a Christmas program was given by Mrs. Verlon Groves, Mrs. Edwin Denman and Mrs. Ida Truax.

The Devotional Study Group met today (Thursday) at 9 a. m. at the home of Mrs. Thomas Harness, instead of at the church as originally planned. Each one had the privilege of bringing a guest, and there was an exchange of 50c gifts.

Miss Marjorie May of Laurenceville, Ill., was an overnight guest at the home of Mr. and Mrs. Herbert Prange Friday, after which she spent a few days in Chicago.

Mr. and Mrs. Glen Cain of Waukegan were supper guests of Mr. and Mrs. Charles Lucas Sunday evening.

Mr. and Mrs. Elmer Hauser and children of Beach were callers at the Frank Hauser home Sunday evening.

Mr. and Mrs. Herbert Prange gave a pre-birthday party for their daughter, Sharon's third birthday, Sunday. Guests were Mr. and Mrs. Bernard Prange and daughter,

Gloria, of Lake Forest, Mr. and Mrs. Austin Anderson of Kenosha, Miss Beverly Anderson of Union Grove, Wis., and Miss Sandra and Susan Westphal of Kenosha.

Mrs. James Bonner and children of Kansasville were callers at the home of their mother, Mrs. Harley Clark, Sunday afternoon.

The Men's Club met at the church Monday evening. After the business meeting a movie "After the Harvest" was shown.

Mr. and Mrs. Don Voightlander and sons of Kenosha were supper guests at the home of Mr. and Mrs. Herbert Graham Saturday evening. The annual Millburn Couples Club Family Christmas party will be held at the church Tuesday evening, Dec. 17, at 7:30 o'clock.

Mr. and Mrs. Edward Milton and children of Waukegan were callers at the Herbert Graham home Sunday afternoon.

ADJUDICATION AND CLAIM DAY NOTICE

NOTICE IS HEREBY GIVEN to all persons that the first Monday of February, 1958, is the claim date in the estate of SUE GENEVIEVE COX, Deceased pending in the Probate Court of Lake County, Illinois, and that claims may be filed against said estate on or before said date without issuance of summons. All claims filed against said estate on or before said date and not contested, will be adjudicated on the first Tuesday after the first Monday of the next succeeding month at 10 A. M.

BOWLING

Tavern League

Monday, December 9

Joe & Helen's took high team series with games of 917-855-800—total 2032.

High individual scorer was Joe Stierbenz, Jr., with games of 245-181-189—615 total.

Joe and Helen's won two games from Red Arrow.

Thompson's won two from Slide Inn.

Antioch Recreation won two from Kapella's.

Bud's won two from Tarfu.

Kemp's took two from Old Style.

Cole's won two games from Pasadena.

Census Bureau Conducts Household Goods Survey

The U. S. Bureau of the Census will conduct a survey of durable household goods in connection with the December Current Population Survey, according to Supervisor Theodore F. Olson of the Bureau's regional office in Chicago, Ill., which will participate in the survey.

The questions on durable household goods will cover electric vacuum cleaners, electric washing machines, and living room rugs or

carpets. Owners will be asked when these articles were purchased and whether similar items were removed from service during 1957. Year of purchase of items removed from service during 1957 will be asked.

The household goods information is being collected for the U. S. Department of Agriculture for use in preparing estimates of replacement needs, in budget counseling, and for research in family living costs.

The household goods questions

will be asked in addition to the regular monthly inquiries on employment and unemployment. The Current Population Survey will be conducted here and in 329 other areas of the country during the week of December 16. Information will be collected locally.

Time says that the U. S. is faced with a new kind of labor shortage—not of workers but of skills. Unfilled demands for skilled workers have increased heavily.

Federal Spending At New High; Pushed By Civilian Program

NEW YORK — In the face of mounting public concern over the high cost of Government in the United States and increasing pressures for economy, the total of Government expenditures—Federal, State and local combined—has gone into new high ground over the past year, breaking through a level that had held for more than a decade in war and peace.

This time, in contrast with the past, than main upward push has been coming from civilian programs rather than from the military and defense spending areas.

Figures compiled by the U. S. Bureau of the Budget on a calendar year basis show that Federal, State and local expenditures combined added up to \$105.2 billions for 1956. This total was \$5.2 billions higher than the year before, and the gain was almost equally divided between Federal and combined State and local outlays. It was \$2.1 billions above the previous peak for overall Government spending of \$103.1 billions, originally established in 1944 during World War II and duplicated in 1953 as the result of the Korean War.

Nor is there any indication, despite the budget-cutting in the last session of Congress and increasing attention being paid to steadily-rising State and local outlays, that effective controls of governmental budgetary and spending processes have been attained. In fact, all signs are that a new peak for overall government spending is being chalked up this year, even without the pressures to reverse the retrenchment trend in defense spending because of Russian achievements in the missile field.

Nature and Man Create Cave Organ

LURAY, VIRGINIA—Electronics and nature have joined forces to create The Great Stalactite Organ in Luray Caverns, Virginia. A musical instrument not only unique but the largest in the world as well, it is still growing and can be made to include all tunable stalactites in the 64-acre caverns.

It has taken three years for Leland W. Sprinkle, an electronic scientist at the Pentagon, to develop this instrument which can coax the music out of stones silent for centuries in the caverns first seen by candlelight in 1878.

It all started when four-year-old Robert Sprinkle asked to visit the caverns in June 1954 for a birthday present. It gave his father the idea that it might be possible to create a device that would play musical selections on the stalactites.

Today that dream has been realized with the console, and automatic player which control the electronic mechanism that causes rubber-tipped metal plungers to strike the stalactites whose sweet mystic tones echo in the underground Ball Room of Luray Caverns.

Prolonged TV Watching May Cause Leg Troubles
CHICAGO—Prolonged sitting in awkward positions while watching television may produce serious circulatory disorders in the legs, a Philadelphia physician said today.

Writing in the Journal of the American Medical Association, Dr. Meyer Naide reported three cases of blood clots occurring in the leg vessels after the patients had sat in awkward positions watching TV. Similar disorders may occur after driving long distances in a car, especially in tall men who are "peculiarly susceptible" to such ailments, he said.

Dr. Naide recommended that television viewers get up and move about at least once an hour in addition to moving their legs frequently. Girdles and other tight garments also should be removed before prolonged TV watching.

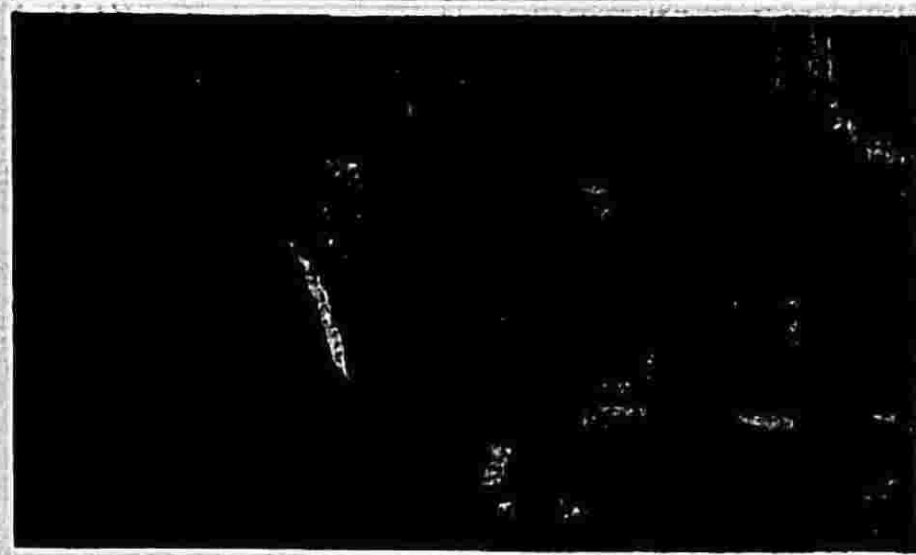

Activity Recommended As Fatigue Treatment
CHICAGO—Rest is not "a universal panacea" for fatigue, even among aging persons, a New York physician said today.

In many cases, activity is better remedy, especially when the fatigue results from "atrophy of disuse," Dr. Theodore G. Klumpp, president of Winthrop Laboratories, Inc., said.

In the absence of specific disease as a cause of fatigue, it arises in older persons from the normal physiological processes of aging which reduce the body's endurance; from loss of incentive motivation, and interest; from a decline of glandular activity, and from "atrophy of disuse."

Helped Himself
DANVILLE, Ill. — Salvation Army officials here reported that, after they had given a down-and-out job as a truck driver, he stole the truck and \$100.

To Play Organ at Reeves Store Party

Thomas Harkenrider and Janice Melhany, Zion, organists will play Christmas carols Sunday from 2 to 9 p. m. at Reeves Drug Store, Manager George Borovicka announced. The public is invited to attend this party at which coffee and cake will be served to adults and candy canes to the children.

Corn Cobs Can Be Effective Roughage

Cattle can be fed to top profit finish on either ground shelled corn plus hay, or ground ear corn serving as both grain and roughage. If both are supplemented adequately, according to a feeding test recently conducted by the Ralston Purina Company.

Two hundred steers were involved in the test. Half of them were fed ground shelled corn and an alfalfa may-molasses mixture. This diet was supplemented with Steer Fatena 65.

The other hundred steers were fed ground ear corn, with Steer Fatena 65 mixed into the daily ration. Sufficient molasses was added to make it approximately equal to the percent of molasses in the corn-alfalfa ration. Both groups of steers had access to salt and minerals.

The hundred steers getting ground shelled corn and alfalfa hay gained an average of 3.30 pounds per day for the 128-day feeding period, compared to a 2.93-pound average daily gain for the hundred steers on the ground ear corn lot. Feed costs, however, in the ground shelled corn group amounted to \$80.92 per head, compared to \$65.70 in the other lot.

Average weights in the two groups were nearly equal at the beginning, about 740 pounds. The ground shelled corn steers weighed an average of 1162 pounds at the end, compared to 1116 in the other group.

The difference in rate of gains were essentially offset by the difference in feed costs in the two lots, and net profits per animal were

Steers in the ground shelled corn group averaged \$23.03 net profit each, compared to an even \$23.00 in the other lot, showing that with proper grain supplement, cobs can be an effective roughage in the cattle ration.

STUDENTS AT MARQUETTE
Antioch area is represented in the current record enrollment of 10,739 students at Marquette University in Milwaukee, Wis.

Illinois this year has 1,149 students at Marquette, with 433 of them coming from Chicago and again that many from the Chicago suburbs. All areas of the state are represented.

Students from this area include: Dennis D. Kennedy, 549 Lake st., Antioch, Engineering, and Edward J. Vejvoda, Bluff Lake Lodge, Antioch, Business Administration.

Thomas H. Ploss, Rte. 3, Lindenhurst, Lake Villa, Ill., Law. Joseph N. Bauer, Rte. 1, Ingleside, Business Administration; Frank J. Lumber, 153 Jefferson st., Ingleside, Graduate School, and John W. Lumber, 153 Jefferson st., Ingleside, Liberal Arts.

Harvey M. Miller, Rte. 1, Richmond, Liberal Arts.

The Antioch News and the Lakes Theatre invite John Wagner, Rte. 2, Box 453-A, Antioch, Ill., and one to attend Friday, Saturday or Sunday's showing of "Harlem Globe Trotters" and "Texas" at the Lakes Theatre.

Our eyes see one million pictures every day. They must make a multitude of minute changes to get a clear image of every object or person they look at.

Tax Guide Available From Farm Adviser

A supply of the 1958 Farmers' Tax Guide is now available at the office of Farm Adviser Ray T. Nicholas, Grayslake. Anyone desiring a copy may obtain one by contacting the farm adviser's office.

This booklet is written especially for farmers. It explains in plain nontechnical language most of the income tax rules which concern them. It is intended for use in preparing Federal income tax returns for the calendar year 1957 and fiscal years ending in 1958. Numerous examples are used throughout the booklet to show how the rules apply in actual situations.

Some sample records and a filled-in tax return form, illustrating where income and deductions from various sources should be listed, are shown in the publication. A checklist of farm income and expenses is also published in the guide.

Farm Meeting Dec. 18

All farmers are invited to attend a meeting on the 1958 farm program Wednesday, Dec. 18. The meeting will be held at the American Legion hall, Grayslake, starting at 1 p. m. Purpose of the meeting is to acquaint farmers and others interested with changes in the 1958 farm program. Topics to be discussed include the 1958 soil bank program, acreage allotments, acreage reserve, and other related subjects. This meeting is being held by Farm Adviser Ray T. Nicholas, and A.S.C. Office Manager Donald Adams.

In many remote and arid locations, the cost of hauling water for drilling with muds may amount to tens of thousands of dollars per oil well.

"The man who leads a double life is likely to get through twice as quick."—J. E. Cook.

"Experience is something I always think I have, until I get more."—Burton Hills.

I know that Thou canst do every thing, and that no thought can be withholden from Thee.—(Job 42, 2.)

Our Heavenly Father, being omniscient, knows when we sincerely struggle against the evil thoughts and desires that assail us; being omnipotent, in His boundless mercy He will help us when we truly repent and strive again for righteousness.

EDDIE the EDUCATOR says

Schneider Announces Candidacy for County Treasurer at Primary

Hugo L. Schneider, Jr., chief deputy and cashier in the Lake County Treasurer's office, today announced his candidacy for treasurer on the Republican ticket in the primary election next April 8.

Under the Illinois Constitution the county treasurer cannot succeed himself and Schneider will ask election to fill the post now held by Guy O. Lunn, present County Treasurer. Schneider believes that having served as county treasurer (1950-1954) and his years of experience in the office give him the background and experience that is necessary to handle efficiently the ever increasing duties and responsibilities of this important office.

Born in Highland Park, he has been a resident of that community his entire life, has served as chairman of the Highland Park Young Republican club and as a member of the Lake County Republican Central Committee. Schneider served 4 years with the U. S. Army during World War II, seeing active duty in the European theatre, and resides at 1445 Greenbay Road, Highland Park, with his wife and four children.

New Leaflet Will Give Information on Effect Of Smoking on Cancer

The American Cancer Society today began distribution of 200,000 copies of a new leaflet entitled "To Smoke or Not to Smoke?", said Charles A. Wilcox of Lake Forest, Chairman of the Executive Committee of the Lake County Chapter of the Cancer Society.

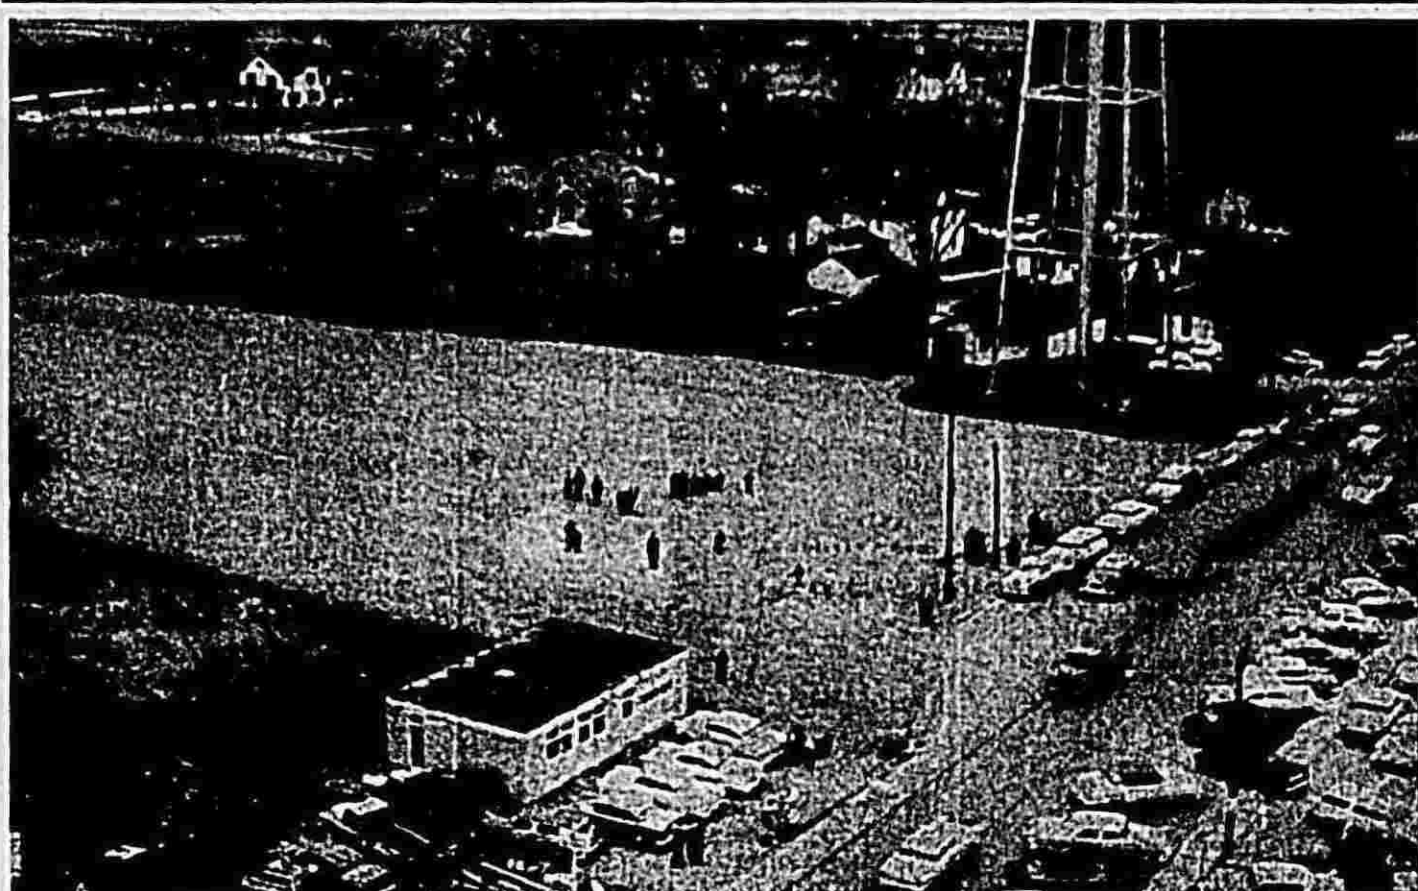

The leaflet points out evidence lung cancer and cigarettes. Copies of the leaflet may be obtained through the local American Cancer Society office at 228 North Genesee, Waukegan. The leaflet cites several studies, including the Society's Hammond-Horn four-year study of 187,783 men between the ages of 50 and 70 which revealed:

"Lung cancer death rates are ten times higher among those with a history of regular cigarette smoking than among those who have never smoked. Among two-packs-a-day smokers the rate is more than 60 times higher.

"Those who have given up smoking have a lower risk of death; those once smoking a pack or more a day, who have given up smoking for at least one year, have a death rate less than half of those who have continued to smoke.

"Over-all death rates from a number of causes—and particularly cancer and coronary heart disease—rise with the number of cigarettes smoked. The death rate is 123 per cent higher in those who smoked two

Antioch's Newly Improved Parking Lot Seen from the Air

Antioch's newly improved parking lot on Broadway as seen from the air Saturday by Warren Polley who rode the helicopter in getting the view. What was once dense trees and bumpy ground is now a comparatively smooth place to be paved next spring. At the upper right is the base of the village water tower.

packs of cigarettes a day than in those who do not smoke." The pamphlet also states: "It is estimated that a man who smokes two packs of cigarettes a day has about one chance in ten of developing lung cancer, while a non-smoker has only about one chance in 270 of having this disease."

George Dunford, 79, Dies in Kenosha Hosp.

George Dunford, 79, Bristol, Wisconsin, died Monday, December 9, at 2:30 a. m. at the Kenosha hospital, following a long illness. He was born January 23, 1878 in Antioch township, moving to Marshfield, Mo., in 1937, to Salem in 1939 and to Bristol in 1944. He was a member of the Kenosha Congregation of Kingdom Hall. He married Anna E. Whitton, Jan. 14, 1910. He was a graduate of Wilmet High school and McKillips Veterinarian college in Chicago. He worked as a farmer until his retirement in 1939.

Survivors are his wife, Anna, six sons, George, Silver Lake; Clarence, Farmington, Mich.; Edward, Burlington; Lawrence, Kenosha; John, Novi, Mich.; Kenneth, Bristol; three daughters, Mrs. Elsyne Orlowski, Mundelein; Mrs. Florence Dexter, Trevor; Mrs. Amelia Greenwood, Bristol. He was preceded in death by a son and two daughters. There are nineteen grandchildren.

Funeral services will be held at 1:30 today (Thursday) at the Strang Funeral home. The Rev. Stanley Lummpp will officiate. Interment will be in Liberty cemetery.

Seeks Third Term

W. J. Murphy

Rep. W. J. Murphy recently announced that he will be a candidate for re-election to the General Assembly.

The oil industry has a capital investment that works out to \$38,000 for each employee, as compared with \$8,600 for manufacturing as a whole. The average annual salary per worker is \$5,259 and welfare benefits cost the industry \$1,278 a year for each hourly-paid employee.

The Navy icebreaker USS GLACIER made the earliest penetration of Antarctica's ice pack in history, arriving at McMurdo Sound Oct. 28, 1956.

Success is hard work that comes in the guise of good luck.

THE NEXT TWO WEEKS WILL
BE FILLED WITH BUSY SHOPPING
DAYS for you and your Jewel. How-
ever, you'll find the Jewel girls just as
helpful and courteous and their smiles
just as big during this extra busy sea-
son as they are all year round.

Jewel girls believe in treating you
with the same thoughtfulness they'd
expect if they were in your place.
That's why they're never too busy to
be friendly . . . smiling even when in a
hurry . . . handling your groceries with
special care . . . always on hand to
accommodate you at the check-cash-
ing and bottle-return desk.

Yes, smiles make the difference at Jewel—the friendly,
helpful smiles of our wonderful Jewel girls, who are never too
busy to welcome your every shopping visit.

Lake Villa

Mrs. Fred Bartlett, Correspondent
Phone Elliot 6-4454

Mr. and Mrs. Bert Ray of Waukegan were visitors at the home of Mr. and Mrs. Charles Kelly.

Carla Bartlett spent last Saturday with her aunt, Opal Hollis of Waukegan.

Cecile Blumenschein and Mathilda Bartlett were Kenosha visitors Tuesday.

Mrs. Walter Schneider is confined to her home because of illness.

Della Rogers is a patient at the Zion Nursing home, after being in the Lake County hospital for three weeks.

Mr. and Mrs. Carl Bruckner of Waukegan visited the home of Tina Gerber Thursday.

Bruce Ladewig is spending the week end with Mr. and Mrs. Elsworth Ladewig of Zion.

Oracle Georgia Avery entertained the Royal Neighbors officers at a party at her home Tuesday afternoon. Fifteen officers were present. A dessert luncheon was served and each officer received a gift. The following were present, from Grass Lake Irene Brown, Elizabeth Anzinger; from Loon Lake, Velma Langosh, Gerri Polson, Gladys Schroeder and Lorraine Cisar; from Lake Villa, Marie Hamlin, Cecile Blumenschein, Bertha Fish, Edna Botts, Lela Barnstable, Helen Reimer, Mathilda Bartlett, Genevieve Newell and Laura Obermaier.

Mr. and Mrs. Fred Bartlett, Jr., and daughter, Carla, were visitors Saturday at the home of Mr. and Mrs. Kenneth Learmont of Kenosha.

The VFW hospital chairman Kay Kasting announces that the VFW Auxiliary has a drive on for magazines and books for Downey. Anyone having any to donate may contact her at her home on Grand Ave.

Mr. and Mrs. Kenneth Learmont of Kenosha were visitors Sunday at the home of Mr. and Mrs. Fred Bartlett, Jr.

Dorothy Barnstable is confined to her home because of illness.

Corporal Paul Williams of the Marines and stationed at Camp Pendleton, Calif., spent Thanksgiving with his parents, Mr. and Mrs. Paul Williams of Grand Ave. He returned to camp last Sunday.

Mr. and Mrs. Raymond Bartlett and family of Waukegan spent Sunday at the Fred Bartlett, Sr., home. Jimmy Oilschlager is a patient at Victory Memorial hospital.

Three local girls, Norma Blumenschein, Patricia Dibble and Linda Ladewig, participated in the Baton Twirling contest held at the North Chicago High school Sunday, Dec. 8, in the afternoon. There were 100 entries from all the various states. The girls are members of the Lake Villa school band and pupils of the Shea Baton school of Waukegan.

Buying Lots of Mail Dangerous, Editors Warn

New schemes for selling real estate by mail are growing, according to the editors of Changing Times, the Kiplinger Magazine, with the result that many thousands of people who think they are buying a nice retirement spot wind up with a treeless and raw piece of land, often far from highways or towns.

Ordinarily, anyone buying real estate near home knows what he is getting. Buying property hundreds of miles away and sight unseen through advertisements and fancy brochures can be dangerous without thorough investigation.

Do you know who the promoter is and what his performance record is? Does the price mentioned cover a large enough lot for building purposes or will you be required to buy more than one lot to comply with zoning requirements? How far is the property from highways, towns, schools, churches, etc. What is the value of land in that area? Are there sanitary sewers, or must septic tanks be put in? Is the land dry or must it be drained? What about land taxes and local zoning restrictions? What are the full details on financing your lot?

The answers to these questions should tell you something about the development. Many times you may pay almost as much for a lot in the development as you would for an entire acre in the area. And, although the ads may show palm-studded beaches, lovely girls on water skis and a community house with golf course, all that may be there is what has always been there—scrub palmetto and a muddy pond.

In order to estimate for yourself whether or not this is the dream spot you really want, you should make a personal visit to the lot and look at it, even if this involves traveling hundreds of miles. An alternative is to ask a relative or friend who lives near the area to make the inspection for you.

Whatever you do, investigate before you invest.

Emery Holway, Sr., 66, died unexpectedly Sunday of a heart attack at the home of his daughter in Palatine. He was the father of Emory (Bud) Holway, Jr., of Lake Villa, Ralph of Lake Zurich, and Mrs. Lillian Brook of Palatine. Burial was in Montrose cemetery in Chicago on Wednesday. Mr. Holway was a retired pharmacist.

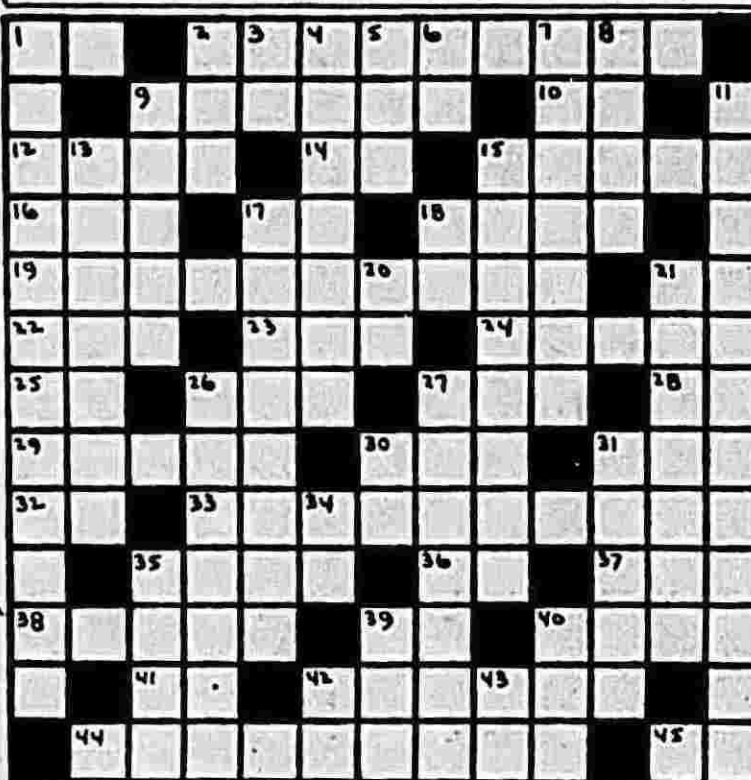

Mr. and Mrs. Raymond Bartlett and family of Waukegan spent Sunday at the Fred Bartlett, Sr., home. Jimmy Oilschlager is a patient at Victory Memorial hospital.

Three local girls, Norma Blumenschein, Patricia Dibble and Linda Ladewig, participated in the Baton Twirling contest held at the North Chicago High school Sunday, Dec. 8, in the afternoon. There were 100 entries from all the various states. The girls are members of the Lake Villa school band and pupils of the Shea Baton school of Waukegan.

Solution on page 14

Contrary to some beliefs, fluorescent lighting does not possess any more harmful qualities than other forms of artificial illumination or sunlight. In fact fluorescent lighting is more desirable since it resembles daylight more closely than tungsten-filament lamps, according to the Murine Company feature service.

All children of all races are born with blue eyes. Usually the permanent eye color is not developed until several months after birth.

The Gift of
BETTER SLEEP
for someone special on your listGive an Automatic Electric
Bedcover for Christmas

Almost anyone on your Christmas list would love to get an electric blanket or electric sheet. Matter of fact, more than 18 million people sleep better this way (and feel better when they wake up, too). There are lots of reasons why electric bedcovers make such perfect gifts:

- ★ They give warmth without weight. An electric bedcover provides the comfort of 3 ordinary blankets, yet often weighs less than one.
- ★ Chilly sheets are gone forever. Just set the control a little before bedtime and your bed is warm when you're ready for sleep.
- ★ Modern electric bedcovers can be laundered beautifully either at your regular laundry or in a modern automatic washer.
- ★ They offer single or dual controls to

suit individual comfort preferences. Thermostatic controls adjust comfort level to changes in room temperature.

- ★ There are contoured models in both single and double bed sizes to make bedmaking quick and easy. Plenty of foot room, too, so covers won't be "kicked off".

- ★ All makes fully approved by Underwriters' Laboratories. It's your assurance of absolute safety—and many, many years of dependable service.

For...
SON or DAUGHTER

They'll sleep lots warmer regardless of outside temperatures, even with the windows wide open.

For...
GRANDMA and GRANDPA

Their circulation probably isn't what it used to be. An electric blanket will take the chill off the sheets.

Chevrolet works
wonders in every
weight class!

NEW HUSTLE! NEW MUSCLE! NEW STYLE!

New light-duty Apaches... new medium-duty Vikings... new heavy-duty Spartans... all bring you the latest in dollar-saving truck advancements for 1958.

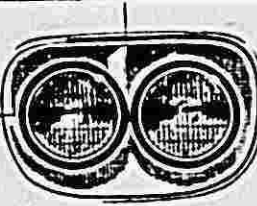

A REVOLUTION IN V8 DESIGN!
It's the all-new 230-h.p. Workmaster V8 with revolutionary Wedge-Head design for extra pulling power at lowest cost! Series 90 and 100.

BIG NEWS IN EVERY ENGINE!
New power and economy in the Task-Force 58 engine line, from the new 145-h.p. Thriftmaster 6 to the big new short-stroke V8's.

NEW TASK-FORCE STYLING!
You see new broad-shouldered appearance... new style in the bright new grille, new hood and fenders—new colors and interiors!

SAFER SEEING WITH 4 LIGHTS!
Handsome new dual headlamps put more light where it's most needed for safer seeing at night. They add to styling, too!

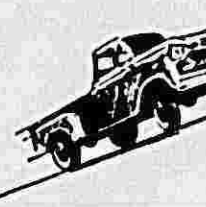

NEW STEP-VAN BODIES!
Three all-new Step-Van models to cut costs and save work in door-to-door delivery service! Big walk-in bodies are 8, 10 and 12 feet long.

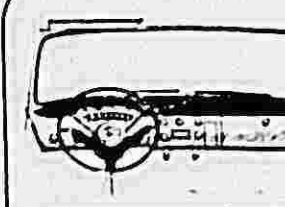

NEW MIDDLEWEIGHT TRACTORS!
With a 6-foot cab-to-axle dimension, Series 50 and 60 cab-and-chassis models are ideal for 9-foot dump bodies or long 35-foot trailers!

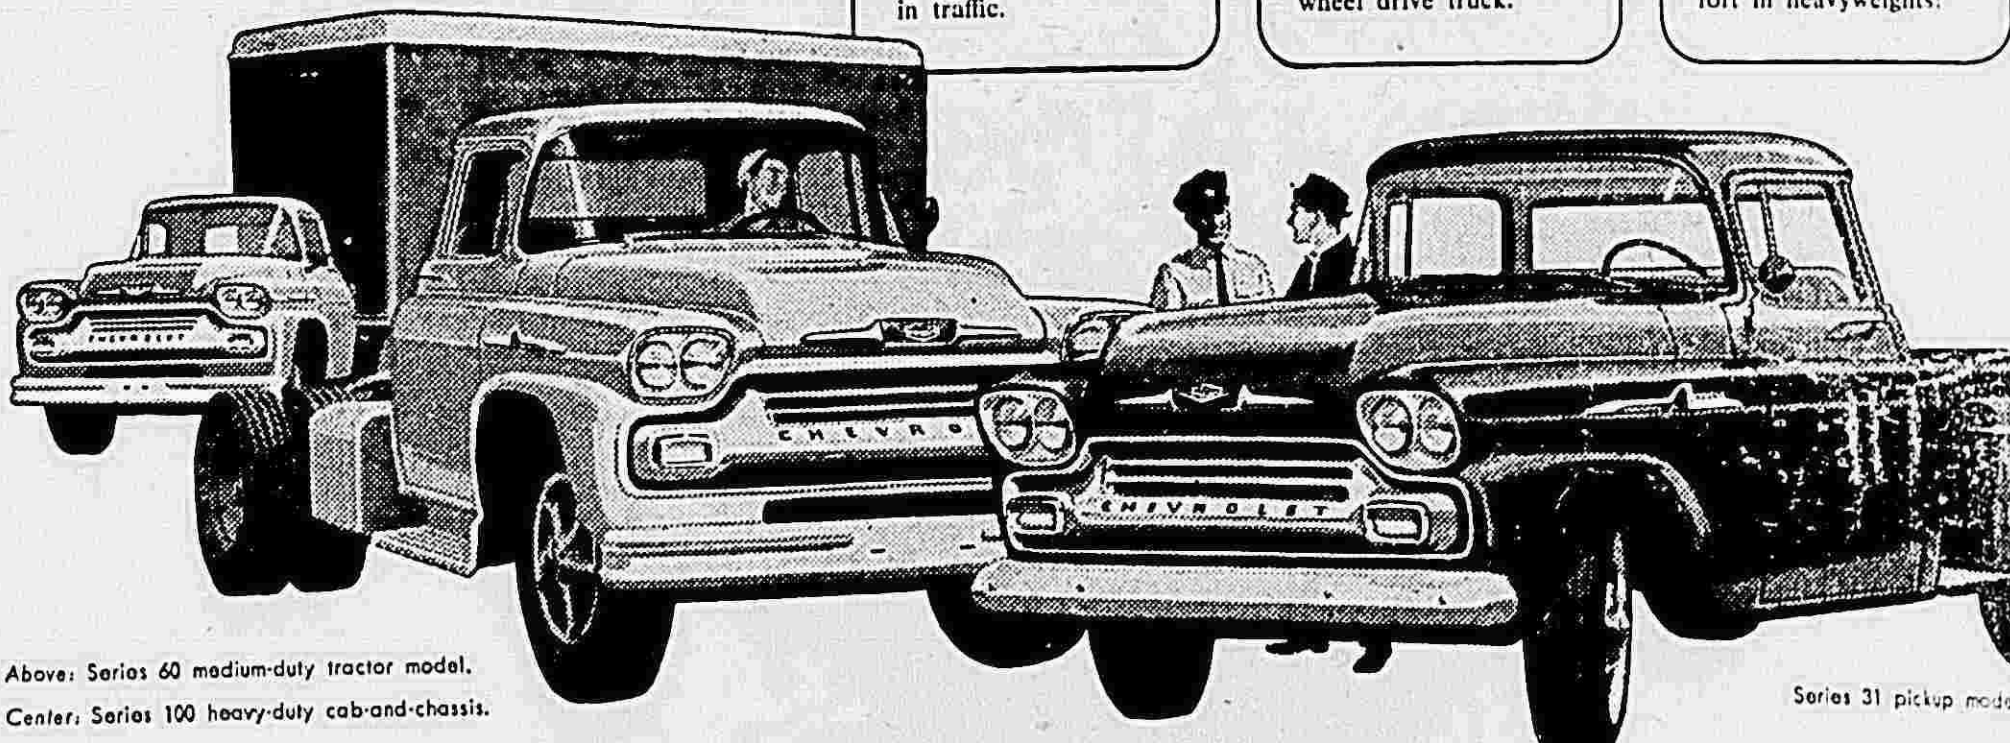

AN IMPROVED POWERMATIC!
Powermatic (optional, extra cost) with additional drive range, 3-5, means even better performance and economy in traffic.

SURE-FOOTED 4-WHEEL DRIVE!
New Chevrolet 4-wheel drive models will go anywhere on or off the road! They give twice the traction of a 2-wheel drive truck.

NEW DRIVER CONVENIENCE!
Controls are convenient to reach, the accelerator pedal is newly positioned, and a new 20" wheel cuts steering effort in heavyweights!

Above: Series 60 medium-duty tractor model.
Center: Series 100 heavy-duty cab-and-chassis.
Series 31 pickup model.

Mrs. Ralph Orr and son, Calvin, Waukegan, Mr. and Mrs. Clyde Wright, Ringwood, Ill., were Wednesday afternoon visitors of Mr. and Mrs. Harvey Brown.

TAX FACTS

The Taxpayers' Federation of Illinois, a staunch supporter of the principle that the electors should have the opportunity to vote on tax proposals, calls attention to changes in election laws made by the last General Assembly. Although 51 such election bills were signed by the Governor, only a few represent material changes. For example, the bill which eliminated the office of two election clerks at each precinct and increased the number of judges to five required 33 com-

YEAR END
TAX TIPS
NUMBER 2How To Plan Federal
Income Tax Deductions

This is one of a series of four articles on federal income taxes. The articles are based on information provided by the American Institute of Certified Public Accountants and the Illinois Society of Certified Public Accountants.

By waiting until after the first of the year to decide whether to itemize your deductions or take the standard 10-per cent deduction, you run the risk of losing your greatest tax-saving opportunity.

When you are forced to take the standard deduction because your deductible expenses are less than 10-per cent of your adjusted gross income, you literally "waste" your expense deductions, for tax purposes. Don't let this happen to you every year. Plan your expense outlays so that you go over the optional 10-per cent deduction occasionally. This can be done by pyramiding two years of actual expenses into one.

For example, assume that you expect to have an adjusted gross income of \$7,000 for this year and actual deductible expenses of about \$600—or \$100 less than what you would be entitled to deduct if you took the standard 10-per cent deduction. Not included in your actual expense estimate, however, is \$250 in state taxes and \$100 in home loan interest charges that will have to be paid in 1958 but which can be paid in advance.

Beat the Standard Deduction

If you act quickly and pay these expenses before December 31, you can bring your total allowable deductions for 1957 up to \$950. By itemizing deductions this year and taking the standard deduction next year—when your actual expenses should be somewhat less because of what you have prepaid—your total deductions for both years will be approximately \$1,650. Had you taken the standard 10-per cent deduction in both years, the total would be only about \$1,400.

A salaried worker who has difficulty finding enough deductions to make itemization worthwhile might consider carrying the pyramid plan one step further. He could set up a system of "lending" and "borrowing" year-end items that would make it possible for him to throw three years of deductible expenses into one.

Timing Deductions

You can begin your own three-year pyramid by postponing payment on as much 1957 deductible expense as possible and planning to take the standard deduction on this year's return. The expenses you have postponed—or "loaned"—will increase your 1958 deductions, and in the final months of 1958 you can "borrow" from 1959 by speeding-up the payment of deductible items.

As a result of your pyramiding, you maximize your expenses for 1958 (when you should be able to

beat the standard deduction by itemizing), and minimize your deductible items for 1957 and 1959 (when you will take the standard deduction and waste your actual expenses). The general rule to follow when you are trying to make the most of your actual expenses is: keep outlays as low as possible in the years in which you take the standard deduction and pyramid them as much as possible in the years in which you itemize expenses.

Pyramid Medical Expenses

Most taxpayers need look no further than their family medical bills to find a deductible expense that can be pyramided to gain a welcomed tax advantage. The section of the tax law governing the deductibility of medical expenses states that unless you or your wife will be 65 years old by January 1, 1958, you may deduct only those medical expenses for 1957 in excess of 3 per cent of your gross income.

If you find that you are near or over the 3 per cent minimum and you are going to itemize deductions this year, you should pay as many of your medical bills as possible before December 31. And since medical expenses can be deducted only in the year paid (but cannot be prepaid), you might even consider speeding-up and paying for the dental work, eye examinations and general physical check-ups your family will otherwise be having in the early part of 1958.

Taxpayers who had low medical expenses for 1957 should reverse this procedure, postponing the payment of their year-end medical bills until after the first of the year. In this way, they may be able to exceed the minimum requirement in 1958 and to gain a benefit from a payment that would otherwise be lost on their 1957 return.

Plan Premium Payments

The premiums you pay on your health, accident and hospital insurance policies can be deducted as a medical expense—so plan your payments accordingly. To give you greater flexibility in the shifting of medical deductions from one year to the next, you might arrange to have these premiums fall due in January.

Next Article: More Tax-Saving Deductions and How to Time Them.

holders. The word "householder" as used in the Election Code, meant only the head of a family who resides with and supports such family.

4. In Cook county, compensa-

tion of judges of election was increased from \$15 to \$25 per day.

5. One judge may be appointed from outside a precinct where there are not enough qualified persons within a precinct to serve, providing he is a resident of the ward or township in which the precinct is located.

6. Disabled persons can now become registered voters. If a person files an affidavit that he is physically unable to come to the appointed place of registration, the county clerk will send a team to accept his registration.

7. If at each of two consecutive November general elections more than 800 votes are cast for state offices in a precinct, any voter therein may force the division of such a precinct by court action.

8. Recounts are now accomplished by permitting any candidate to petition for a recount of ballots by paying a fee of \$5 for each paper ballot precinct or \$2 for each voting machine precinct. He may select the precincts to be recounted. Also, the petitioning candidate must have received 95 per cent of the number of votes given to the winning candidate.

"Hope is unwinding a piece of knotted string you suspect won't be long enough anyway."—Frances Rodman.

Mrs. John Selzer, Correspondent
Telephone Elliot 6-1172

The sixteenth birthday of Miss Gerri Kaub was celebrated on Friday evening in the home of her parents, Mr. and Mrs. William Kaub with a family dinner.

Guests Saturday evening in the John Selzer home were Mr. and Mrs. Alan Nelson, Mr. and Mrs. Vincent Singer and Mrs. Francis Singer. The occasion for the party was Mrs. Nelson's birthday.

The Dec. 4th bowling news from the Men's Club teams:

Team	W	L
1—Wolf's Resort	26	16
2—Klima's Resort	22	20
3—Frolik's Club Villa	21	21
4—Slove's Bakery	20	22
5—Engle Realtors	20	22
6—Fred Maier Service	16	26

Slove's Bakery won 2 games from Klima's Resort. Wolf's Resort won 2 from Engle Realtors, and Frolik's Club Villa won 2 from Fred Maier Service. Robert Scharitz shot high series with 615, and also high game, with 245.

The Altar and Rosary Society of Prince of Peace Church met at the church hall on December 4th for the December meeting. After the business session the ladies gathered around tables and with pre-cut material proceeded to make tray favors for the nursing homes in the surrounding area. Later they sang Christmas carols while waiting for Santa to arrive with the grab bag gifts. When all the gifts had been opened and admired the officers who were the hostesses served cake and coffee.

Mr. and Mrs. John Selzer and sons were supper guests Friday in the home of Mr. and Mrs. Marvin Worchel. Other guests were Mr. and Mrs. Alan Nelson and family.

Mrs. Judy Andrew, daughter of Mr. and Mrs. Hilmar Hansen, left Sunday, Dec. 8, for Japan, with her two sons, Bobby and Scotty. They plan to be there for three years. Her husband, Captain Robert Andrew, is with the air force and is now stationed in Japan. He is a jet flier.

The Q. T. Social club met Tuesday, Dec. 3 in the home of Mrs. Thomas Hay. After the regular business was finished the ladies played games. Later when all the prizes were awarded refreshments were served by the hostess.

Guests Sunday in the Julius Ivan home were her mother and sister, Mrs. Sarah Doyle and Mr. and Mrs. Richard Flickinger, all of Morton Grove, Mr. and Mrs. Walter Kramer

Old Hats and Pipes

"I'm about to break down," George was saying with a sheepish grin, "and buy myself a brand-new hat!"

Molly was delighted. "And about time!" she exclaimed. "Now I can rid the closet of those old beat-up, battered . . ."

"Certainly you're not," George interrupted, "going to throw out those old hats of mine! Don't you ever . . ."

"My dear," Molly became stern, "you know very well you never wear them—they just clutter up the place!"

"You never can tell when I will want to wear one of them, though. A man has his moods for hats—just like you women, you know."

"George, you're impossible sometimes!" Molly sighed exasperatedly. "Now, really . . ."

"And let me tell you another thing, little lady. Those old hats of mine are just like old friends—or my old pipes. They wear well; you get used to them. Don't you ever throw out any of my old hats or old pipes! Any man will tell you that's an almost unpardonable crime on a wife's part!"

Mr. and Mrs. Henry Mau visited George Hildebrandt at the Kenosha hospital Saturday. Mr. Hildebrandt who recently underwent surgery is improving and is expected to be able to return home in a week. He is owner and operator of the Hildebrandt Department store in Twin Lakes, Wis.

and daughter of Salem, Wis., and Mrs. Ivan's aunt, Mrs. Kate Kitterman of Effingham, Ill.

Puzzle on page 10

Let's Drive Carefully
This Holiday Season

Springfield, Ill.—Secretary of State Charles F. Carpenter has announced the revocation of driver's licenses of the following residents of Lake county:

Thomas F. Burke, 2000 Knollwood, Lake Forest, driving while intoxicated.

James P. Glass, 541 N. Milwaukee, Libertyville, driving while intoxicated.

Chauffeur's Licenses: Joseph I. Cassatt, 320 Glenwood Dr., Round Lake, driving while intoxicated.

Driving Privileges: Theodore R. Quinn, 131 Market, Waukegan, driving while intoxicated.

Helma Robinson, 5012 Wac Det. Fort Sheridan, leaving the scene of an accident.

Elias Witonen, 545 Helmholtz, Waukegan, driving while intoxicated.

Suspensions
Drivers Licenses: Edward J. Brewer, 512 N. Green Bay, Waukegan, three offenses; Louis V. Cook, 2410 Choctaw, Waukegan, three offenses; Joseph E. Gross, 1811 Armorey Pl., Waukegan, three offenses.

Chauffeur's Licenses: Wesley L. Adams, 14, S. Sheridan, Waukegan; William Crosby, 147 Vine, Highland Park; Jerry A. Vetrus, Nav. Commu. 9, Great Lakes—all for three offenses.

Cost of developing a single oil-based agricultural chemical to the commercial stage is estimated at \$1.2 million. The time required averages about seven years.

CHRISTMAS VACATION

Friday the 13th is circled on Lake Forest College students' calendars this year, and not for the usual superstitious reasons either. Christmas vacation begins at 4 p. m. on that date and the classrooms will be empty until Monday, January 6.

Friday the 13th also marks the end of the registration period for second semester which begins on February 5. The registration will begin Wednesday, Dec. 4, and must

be completed before Christmas vacation, according to Miss Marie J. Meloy, registrar. After that date there will be a late registration fee of \$5 charged, and dormitory rooms will not be held.

Will Annual Holidays Be Season of Joy or Dispair?

The Christmas holidays are looked forward to each year as the season for gaiety and joy. Christmas and New Year's parties are held to celebrate the season. Gifts are exchanged and seldom seen friends contacted once again for the exchange of good wishes.

However, there is tragedy in this holiday season for many. Last December 212 persons died in Illinois automobile crashes. 8274 were hospitalized, many of these spent their holiday in a hospital bed.

According to the Illinois Division of Traffic Safety and National Safety Council figures the four main holiday hazards are:

ALCOHOL—A drinking driver was involved in about 30 per cent of all fatal accidents in 1956. Special studies of fatal accidents occurring during the Christmas holiday showed that 55 per cent of the fatal accidents involved drinking drivers. Careless pedestrians also pushed up the death toll. It is estimated that of the adult pedestrians killed, 22 out of 100 had been drinking.

SPEED—Thirty-eight per cent of the fatal accidents involved speed too fast for conditions in 1956. The rush of Christmas shopping and social life, along with adverse weather conditions are contributing factors in fatal holiday accidents. Motorists are reminded that although the maximum speed limit in Illinois is now set at 65 miles per hour, during bad weather this speed may be too fast for safety.

DARKNESS—More than half of all fatal accidents occurred at night. The Illinois Division of Traffic Safety estimates that the mileage death rate is two to three times as great at night as in daylight. December falls in the middle of a six months period—October through March, when more than half the day is dark. And darkness means danger.

PEDESTRIAN ERRORS—Pedestrian deaths in Illinois during 1956 totalled 411. Forty-six of these pedestrians died during December, 536 were injured. More than half of these deaths dealt with three types of actions. Forty-one percent of the pedestrians were crossing between intersections, 6 per cent stepped from behind parked cars and 10 per cent were killed while walking on the roadway.

Mrs. Wm. Thompson, Correspondent
Tel. Antioch 583-W-2

Mrs. Russell Doolittle and Mrs. Howard Bonner of Millburn drove to LaGrange Tuesday afternoon, Dec. 3, and visited their aunt, Miss Vivian Bonner, at Plymouth Place. She is convalescing from an eye operation.

Mrs. Vincent Stonis returned home from the hospital on Friday. She is convalescing from a recent operation.

Mrs. Joe Sheehan and daughter, Judith, attended a bridal shower for Miss Betty Wunderlich on Sunday afternoon held at the home of Mrs. Ruby Sheehan in Waukegan. Miss Wunderlich will become the bride of Mrs. Ruby Sheehan's son, Thomas, on Dec. 28.

The Oscar Finkel family were Sunday supper guests at the home of Mr. and Mrs. Lyle Du Vyst at Bristol, Wis.

Mr. and Mrs. Chris Paulsen of Whitewater, Wis., visited the Wilson King family on Sunday.

Mr. and Mrs. Fred Leable spent Sunday with Mrs. Ethel Bennett in Kenosha.

The Sam Hernquist family is living in the home on the Nelson farm on Route 45 just north of them, while their home is being moved farther back, so the dangerous curve on Rte. 45 can be straightened.

The Russell Hunter family of Great Lakes were Sunday afternoon callers at the Will Thompson home. Mrs. Wilson King entertained

Mrs. Jacque Koppen and son of Grass Lake for supper on Monday, Dec. 9.

Mrs. Julia Slocum of Waukegan and Mrs. William Murrie of Russell called on Mrs. Will Welch recently.

Mrs. Ray Laursen and Mrs. Arthur Stoneberg attended a bridal shower on Mrs. Sharon Johnson of Zion, on Sunday evening at the home of Mrs. Betty McNeil at Zion.

The Rosecrans Ladies' Birthday Club met at the home of Mrs. Clifford Crittendon on Tuesday and held their Christmas party. The birthday lady is Mrs. Harvey Gehris.

Wilbur Hunter and son, Jerry, and Mr. and Mrs. Eddie Van Patten and John and Judy, were Sunday dinner guests at the home of Mr. and Mrs. William Gerber at Antioch.

It was in honor of William Gerber's birthday. Sunday afternoon callers were the Russell E. Hunter family from Great Lakes.

Polio shots seem to be going begging. As of Oct. 11, 27 million doses were available. The situation has caused Secretary of Welfare Folsom to warn that there may be an upsurge in this disease next year unless people are vaccinated.

Special Holiday Fare For Listeners on WGN

"Christmas Voices," a special series which will bring Chicago's great choirs and choruses to listeners during the holiday season, will be among the featured highlights of WGN's Christmas program.

University, church, service glee clubs and choirs as well as outstand-

ing high school choral groups will be heard over WGN, 8:05-8:30 p.m., and again at 10:15-10:30 p.m., Monday through Friday, beginning Dec. 16 through Dec. 27.

"Christmas Voices" will also be broadcast Saturdays, Dec. 21 and 28, 7:05-7:30 p.m.

Three to four times more forage growth is produced per acre in the period from May to July than is produced from July to October.

"I don't have to leave the baby a minute...now that we have the phones we need!"

No more leaving your work or the youngsters unattended—when the phone rings. You save countless steps a day—get more things done—when there's a phone always close at hand.

The cost is low...for example, you can have three extension phones, if you need them, for only about 10 cents a day! Your choice, too, of nine handsome colors. There is a one-time-only charge for color.

Your Service Representative at the telephone business office will be glad to help you choose the proper locations and colors to suit the needs of your family. Call her today. The number is shown on page 1 of your telephone directory.

Froelich Announces as Candidate for Sheriff At Republican Primary

Dec. 5—Chief Deputy Sheriff Norris C. Froelich made his formal announcement of candidacy for sheriff in the Republican primaries, April 8.

He had been the unanimous choice of the Lake County Deputy Sheriff's Association in a vote taken last spring when Sheriff Stanley Christian and his assistant, Walter Atkinson, both announced that they intended to retire.

Both Christian and Atkinson pledged the Lake County Deputy Sheriff's association that they will support the candidate of the Association's choice.

In conjunction with his formal announcement of candidacy, Froelich revealed both the immediate and long-range planning for the sheriff's office to keep it tops among the 102 counties in Illinois.

Included in this program will be:

1. Merit examinations for new members of the Department.
2. Schools to train personnel with refresher courses for present staff members. This In-Service Training Program will be open to police departments in cities and villages in Lake county.
3. Establish a Department of Specialists on Traffic Control to cut highway deaths and property damage.
4. Enlarge the Department of Identification and Investigation.
5. Modernize the present Record System to bring it in line with FBI methods.
6. Intensify studies of juvenile matters. (Froelich contends there is no "Juvenile Problem" in Lake County compared to other counties.)

All of the six planks in this program are nearing the stage of realization as the Sheriff's Department and Members of the Lake County Board of Supervisors have been planning the program of advancement for months, Froelich said.

Sheriff Christian pointed out that Froelich is well qualified for the office. He is a graduate of the FBI National Academy and has a record of 15 years of Law Enforcement with the Sheriff's office and the army.

In his three years with the army in World War II, mostly spent in the European Theater, he was used in investigation which included trips to England's famed Scotland Yard. He helped smash the black market ring in France.

In the 12 years in the Sheriff's Office, he has ridden squad cars, worked as a plainclothesman, an investigator, court bailiff, process server and now is an administrator.

Born in Lake Zurich 45 years ago, he is a member of a pioneer Lake County family. He graduated in 1930 from the Elia-Vernon High school where he was captain of the school's first basketball team, and the first Lake Zurichite to make the All-Northwestern conference basketball team.

He now lives with his wife at 929 Berwick Blvd., Waukegan.

If you want to sell — phone 43 or 44 and tell.
